BUSINESS FIRST WITH PRESIDENT

Defers Plans to Examine Agreement for Railroad Dissolution

THE UNION PACIFIC MERGER

Supreme Effort Being Made by Wilson and McReynolds to Solve Problem of Railroad Combination

Washington, June 27.—President Wilson late today brushed aside all plans for a week's trip to Cornish, N. H.—the Summer capitol—to examine immediately the tentative agreement reached between Attorney General McReynolds and the railroad attorneys for the dissolution of the Union Pacific merger in order to prevent, if possible, the railroad combination from being thrown into the hands of a receiver.

Unless a method of dismembering the Union Pacific and Southern Pacific, satisfactory to the judges of the United States Court for the Eighth circuit is submitted by July 1st, the United States Supreme Court has ordered the dissolution of the merger by government receivership.

A supreme effort is being made by the President and the attorney general to prevent this drastic alternative by an agreement on a plan adequate to meet the demands of the Sherman anti-trust law, and the mandate of the Supreme Court. Officials tonight freely predicted that the government and the railroad would present an agreed plan to the court within the time limit, although it was stated that the government's approval in all probability would be qualified. In submitting the plan to the court, it is proposed to ask the judges to give a limited time before entering a final decree within which objections displayed in the light of further study of the propositions may be filed by the government or any of the other parties interested.

It is understood that the agreement will incorporate, as one step in the dissolution, the previously proposed plan for transferring $28,000,000 of Southern Pacific stock held by the Union Pacific to the Pennsylvania Railroad in exchange for the latter's holdings of Baltimore & Ohio. The remaining $88,000,000 of the total $126,000,000 of Southern Pacific owned by the Union Pacific, it is said, will be placed in the hands of a trust company to be sold within a definite period of time and in such manner as to insure that no substantial proportion of the stock will be sold to the shareholders of the Union Pacific.

Attorney General McReynolds objected to the trusteeship previously proposed by the railroad to the Federal Court at St. Paul, on the ground that itwas too vagueand did not guarantee that the Union Pacific would surrender its ownership of Southern Pacific within a reasonable time. These objections have been overcome by a more definite outline for the disposition of the stock.

The exchange of stock between the Union Pacific and Pennsylvania will result according to estimates, in giving the Union Pacific, with its present holdings in the Baltimore & Ohio, 38.2 per cent of the outstanding stock of that company and in giving the Pennsylvania 14 per cent of the stock of the Southern Pacific.

So important was the situation regarded that the proposed plan of dislution was considered at the cabinet meeting today. The President had planned to leave the city at 5:35 P. M., but after studyingthe intricate question all afternoon, decided that it would be inexpedient for him to take the plan away with him for examination on the train to New Hampshire, as he had proposed, but that he should remain in Washington for further conferences with the attorney general.

Paul D. Cravath, counsel for the Union Pacific, held a long conference with the attorney general this afternoon, and although he had planned to return to New York tonight decided after today's developments to remain here until the question is settled.

The President suspended consideration of the railway problem long enough to motor to the station to say good-bye to Mrs. Wilson and his youngest daughter, Miss Eleanor, who left for New Hampshire on scheduled time. While it is doubtful when the President will join his family in Cornish, he said today, he expected to get away early next week.

UNDERWRITERS TO DURHAM

State Convention Selects Bull City for Next Meeting—Officers Elected for Ensuing Year—Fine Meeting

Library of Congress

(Special Star Correspondence.)

Fayetteville, N. C., June 27.—The North Carolina Fire Underwriters choose Durham for their 1913 meeting place, re-elected Robert E. Follin, of Winston-Salem, president, and W. E. Sharpe, of Burlington, secretary and treasurer, made E. E. Emerson, of Spray, first vice president, and J. Simpson Schenk, of Fayetteville, second vice president, and adjourned at 12:45 this afternoon.

In addition, an amount of informal speech-making and the committee reports filled the final session. These followed an executive session.

Hendersonville made an organized fight for the next meeting, but Durham won. An invitation was extended to the insurance men to meet in Salisbury in 1915.

The nominations of officers were brought in by Chairman Parker, of the nominations committee. They They were put before the convention by Colonel Walker Taylor and unanimously adopted. The executive committee is composed of Col. Walker Taylor, of Wilmington; Mr. Schenck, of this city; Mr. J. Leigh Skinner, Raleigh; Mr. Emerson Spray, and W. C. Maupin, Salisbury.

Everyone who took part in the open discussion this morning agreed that this has been the most helpful meeting in the association's history; that each underwriter would go away with more inspiration for the year's work than he had ever carried from a former convention.

Col. Walker Taylor, of Wilmington, offered a resolution to the effect that the Underwriters in the future be as prompt to adjust an overcharge as they now seek reimbursement for an undercharge. This resolution was carried.

Col. Taylor also introduced a resolution asking the president to divide the association into three branches, he, the president, to have charge of one branch and the two vice presidents of the other branches, thus enabling the association to do more effective work. This was carried.

Another resolution introduced by Col. Taylor was carried. This was that hereafter agents require the cash for policies as they are issued, for the reason that the companies have reduced the time of settlement by agents, and in order to make settlement the latter must do a cash business.

Mr. J. H. Southgate offered a resolution of thanks to the local board of Underwriters, the Chamber of Commerce and the citizens of Fayetteville generally for the gracious and splendid hospitality accorded the association. This resolution was passed by a risinig vote.

Maj. B. R. Huske, of the local board, arose and assured the visiting delegates that Fayetteville was the gainer by the visit of the association, and that our people, together with the insurance men, would look forward with pleasure to a re-assembling here in the near future.

A number of delegates spoke on the benefit they had received during this convention of the association, that it had been an inspiration to them, and would be long remembered in connection with the splendid hospitality of Fayetteville. The convention then adjourned.

Service to the public wrought on a high plane was the keynote of the opening session of the North Carolina Fire Underwriters' Association held yesterday. This not was struck clearest in the address of President James H. Southgate, of the National Local Fire Insurance Men's Association, who talked to the delegates in the afternoon about the practical and ethical phases of fire insurance.

Mr. Southgate lumped the two and told the Underwriters that the ethical is the practical. His address was pitched on very high plane, but apparently his auditors did not have to strain to catch it.

An address of welcome, a response thereto, the president's address, and the secretary and treasurer's report occupied the morning session. The afternoon meeting was given over to a committee report on President Follin's address, President Southgate's speech, and an open discussion which followed.

The speeches of the morning contained several references to local situations which delighted the audience. Terry A. Lyon welcomed the visitors to a city which has "the only municipal officer in captivity who ever declared martial law, and the only Recorder who ever defied the Supreme Court and said, 'Thou shalt not play pool.'" He warned the delegates not to play billiards while in Fayetteville.

President Follin tickled his hearers when he referred to the service which Colonel Walker Taylor, of Wilmington, had rendered the Underwriters, notably in legislative work, and added, "But he has never yet been called an 'insidious' lobbyist."

PLAN DEMONSTRATION

Suffragettes Will Get Busy at Capital Monday

Washington, June 27.—Leaders of the National Woman Suffrage Association have completed arrangements for another demonstration at the capital on Monday, when petitions will be presented to the Senate urging it to pass immediately the proposed amendment to the constitution giving women the vote. Mrs. Robert M. LaFollette, wife of the Senator from Wisconsin, will be one of the chief figures in the descent on the capitol.

WARRING MEXICANS PRESENT PROBLEM

Foreign Relations Committee Will Take Up the Question Immediately

CHANGE OF ATTITUDE URGED

Repeal of Neutrality Resolution Advocated by Senator Fall—Question of Permitting Arms to Cross Border

Washington, June 27.—A change in the attitude of the United States toward the warring factions in Mexico was urged in the Senate today, with the result that the Foreign Relations committee of that body is to take up the question immediately.

Senator Fall, of New Mexico, attacked the present policy, and asked for the repeal of the so-called neutrality resolution of the last Congress. Under this authority, he said arms were permitted to go across the border to the Huerta faction, but were prevented by the armed forces of the United States from going to the factions opposed to Huerta.

Praise for the Administration

Senator Fall praised the Wilson administration for refusing to recognize what he termed the "assassins of the President of Mexico" as the established government in the republic, but he declared the practice of the administration, in allowing arms to go to one faction and not to the other, had resulted in retaliatory steps toward American citizens, that no other nation on earth would permit.

The Issues Discussed

His speech brought a response from Senator Bacon, chairman of the Foreign Relations committee, that was regarded for some as voicing the attitude of the administration. Senator Bacon said the solution for the present difficulties in Mexico lay in the white men of the republic, constituting the educated classes, taking up arms to establish order.

Enough white men resided in Mexico City alone, he said, to establish order in the whole republic. He added for the United States to attempt to protect her citizens by arms in Mexico meant intervention and occupation probably for all time.

Senator Smith, of Arizona, in the debate which followed, advocated the United States taking possession of lower California in compensation for Americans killed and American property destroyed in Mexico.

Senator Williams joined in urging the repeal of the "neutrality" resolution. Senator Bacon assured the Senate the committee would soon consider the question.

EXTEREME TEMPERATURES

Hot Wave Sweeps Country—Deaths and Prostrations

Chicago, June 27.—Five deaths and numerous prostrations were attirbuted in Chicago today to the heat wave which shows no signs of soon diminishing. At 4 P. M. the temperature was a fraction over 96. The weather report said the warmest place in the country was Pierre, S. D., where the temperature was 104.

St. Louis, Mo., June 27.—This city and the State in general today experienced the hottest weather of the year, the temperature raching 98 degrees at 3:30 P. M. The minimum temperature here was 78 degrees at 6 A. M. Twenty-two prostrations were reported up to 8 P. M.

EAT OR DIE

Case Against Suffragette Before House House of Commons

London, June 26.—The case of Mrs. Emmeline Pankhurst, the suffragette leader, came up in the House of Commons again today, when Mr. Jowett, labor member for West Bradford, asked if the government was prepared to face the possibility of her death if the prison treatment was continued. Home Secretary McKenna replied that the prison authorities have done their utmost toinduce her to eat, and that she alone would be responsible for the consequences because of her persistent refusal to take nourishment.

LASHES FOR AGED THIEF

Sentenced to Whipping Post for Larceny of Butter

Wilmington, Del., June 27.—Samuel C. Patterson, 65 years of age, today pleaded guilty in the Newcastle county court to the theft of three pounds of butter. He was sentenced to five lashed and four months' imprisonment. He stole the butter the day following his release from prison on another charge.

Barton Nash, of Columbia, S. C., was given six months' imprisonment for obtaining money under false pretenses by securing alleged subscriptions to magazines. He escaped the lashes.

THE DESTROYER CASSIN.

Largest Torpedo Boat of Her Class.

Rockland, Me., June 26.—The torpedo boat destroyer Cassin, largest of her class, averaged 30.13 knots an hour during a four-hour endurance run today. Her contract calls for only 29.25 knots an hour. Her best hour's run was at 30.25.

The Cassin is having her official builders' trials. She is scheduled to leave Rockland early tomorrow morning for a 24 hours' run at 15 knots, ending on Saturday morning at Bath, where she was built.

The torpedoboat destroyer Duncan is expected here from Fore River for her trials July 7th.

Cincinnati, June 27.—Eight thousand teamsters and omnibus drivers will strike tomorrow. Ice will be distributed at fire stations.

STATE BANKERS ASSOCIATION

Seventeenth Annual Convention at Asheville July 8th and 9th—Programme is Announced —Features

(Special Star Correspondence.)

Asheville, N. C., June 27.—The programme for the 17th annual convention of the State Bankers' Association is just announced and as it is complete in every detail the convention promises to be the most attractive one in the history of the association. The opening session will be held on Tuesday evening July 8th at 9 o'clock.

The following are among the noted speakers who have accepted invitations to be present and address the meeting: Dr. Bradford Knapp, Washington, D. C.; Hon. Jas. J. Britt, former Third Assistant Postmaster General; Senator Duncan U. Fletcher, of Florida; Mr. B. F. Harris, of Illinois, and Hon. Chas. Hall Davis, of Petersburg, Va. The regular business sessions of the convention promise to be unusually interesting and important at this time. The hospitality of Asheville and its bankers is proverbial. Nothing is more certain than that the social features will be well looked after.

These features will include a reception and dance Tuesday evening, a drive over the Biltmore estate Wednesday afternoon and a banquet tendered by the Asheville bankers on Thursday evening. Convention headquarters will be at the Battery Park Hotel, which with The Langren have offered low rates. Mr. Erwin Sluder, Battery Park Bank, Asheville, N. C., will be glad to make reservations for any banker or member of his party.

Mr. W. A. Hunt, the secretary, of Henderson, has announced that the programme will reach each member of the association a few days before the convention. The Southern Railway is preparing to offer extra passenger service and the officials of that system contemplate operating special sleeping cars from Goldsboro, Raleigh and Durham, if necessary. Mr. J. O. Jones, traveling passenger agent, Raleigh, N. C., will give the necessary information as to this service. The regular Summer tourist rates will be in effect for the meeting. A special invitation is extended to the ladies to attend this session of the association.

FEDERALS MEET DEFEAT

Ojeda's Forces Overcome in the Battles of Ortiz and Santa Rosa

Nogales, Ariz., June 27.—The following telegrum was recieved today from authoritative American sources in Hermosillo, capital of Sonora:

"Ojeda, the Federal commander, was overwhelmingly defeated in the battles of Ortiz and Santa Rosa.

"The Federals disbanded, leaving military trains of 60 or 70 cars and all of their artillery. The whereabouts of Ojeda, who escaped from the battlefield in an automobile, is unknown.

"The Constitutionalists have begun repairing their bridges below Ortiz, planning to proceed to Guaymas."

Douglas, Ariz., June 27.—Announcements of Sonora State officials of a victory over the Mexican Federals above Guaymas, at first questioned were confirmed today from various independent sources. The Federal Governor of Sonora in messages to the border, admitted that Ojeda's forces had returned to the California gulf port after their protracted campaign to the north.

General Obregon, in command of the State insurgents, telegraphed tonight that a detachment under Major Trujillo had occupied San Jose de Guaymas, a suburb of strategic importance six miles from the center of the city. Constitutionalist reports that the Federals had abandoned their artillery, provisions, prisoners and wounded were borne out by private advices from Hermosillo, the State capital, and other interior points. Encouraged by their success in preventing Ojeda's march toward the capital, the State leaders plan an immediate investment of Guaymas.

The town, however, presents a difficult problem because of its natural advantages for fortification. Guaymas is set in a range of hills, and from the bay Mexican gunboats in this vicinity may assist in its defense. It was to offset the gunboats that the insurgents had planned to use Didier Masson's aeroplane, but the French aviator's bomb-dropping expeditions so far have been of little assistance.

GERTRUDE SHAW RELEASED.

Had Hurled Brick Through Window at Police Headquarters.

London, June 27.—Gertrude Shaw, who last Saturday hurled a brick through a window of the Scotland Yard police headquarters and subsequently was sent to prison for three weeks, was released on license today. She had been on a hunger strike.

GRIM DEATH ABOARD THE FATED MOHAWK

Five Killed and Six Injured When Oil Vessel Explodes

DOZEN ARE UNACCOUNTED FOR

Fire Bursts From Tank of Standard Oil Steamer Anchored Off Staten Island—Carelessness Cause of Accident.

New York, June 27.—Two hundred tons of fuel oil on board the steel tank steamer Mohawk, owned by the Standard Oil Company, exploded with a terrific roar and a burst of flame this afternoon while the vessel was at anchor off Tompkinsville, Staten Island, New York bay, killing five persons and injuring six others. A dozen more are unaccounted for, but are believed to have been rescued. Two bodies were seen floating in the hold while fire boats were still pouring streams of water into the wrecked steamer late tonight. The other three victims probably were blown to pieces.

The dead are Edward Donahue, 35, steamfitter, Brooklyn; John Donovan, 26, a machinist helper, Brooklyn; two unidentified sailors, members of the Mohawk's crew, and Fourt Engineer of the Mohawk, a foreigner, name not obtainable.

Gustave Elmgren, 40, a pipe-fitter, was probably fatally burned, while Philip Lepic, 32, sailor, and Herman Weissman 31, sailor, received serious injuries.

Percy Payne, a machinist, and Third Engineer Vandegried, of the Mohawk, were slightly burned.

Carelessness the Cause.

Carelessness of a machinist's helper was reported to have caused the explosion. Fifty men, including the crew and 20 machinists, who were making repairs preparatory to the Mohawk's departure for Tuxpan, Mexico, tomorrow morning, were on board. A helper was declared to have dropped a washer into the hold below the fire room. Seeking to recover it, he is believed to have carried a lighted sandle, which caused combustion among gas generated in the hold.

The explosion was heard for many miles. A 200-foot flash of flame, a column of smoke, the detonation of volcano of debris, and the Mohawk settled aft while fire boats, wrecking tugs and other harbor craft hurried to the scene from all directions.

A score of men who were blown overboard were rescued unhurt. Others clung to stanchions and rails or huddled in the bow, whence they were dragged to safety on boats.

Shortly after 9 o'clock tonight the fire was under control, and the crew returned on board and began pumping the vessel out. The stern was completely under water, but it is believed the steamer can be got into drydock for repairs.

PASTOR CARR'S SERVICES.

Popular Minister Issues Good Advice to His Flocks.

(Special Star Correspondence.)

Currie, N. C., June 27.—Rev. E. B. Carr announces services at the new Presbyterian church at Currie next Sunday at 11 o'clock and Sunday night he will preach at Atkinson at 8 o'clock in the Baptist church. Mr. Carr says that a good way to observe the Sabbath is to spend the time apart from such worldly amusements and recreations as are perfectly proper on week days, and to attend on public and private exercises of God's worship except so much of the time as is to be taken up by works of necessity and mercy.

Mr. Carr, who travels among the people much, serving his various churches, also says:

"There seems to be a great deal of sickness through this group of churches just at present. I find quite a number right sick and quite a number improving. I never saw such people as some of these good people are. They will get sick and almost die, and will keep it a profound secret from their pastor, and then after they get well or die, they will blame their pastor for not coming to see them. Brethren, if you get sick, and would appreciate a visit from your pastor or from the elders of your church, 'call for the elders', let it be known to your pastor and to your elders, that you are sick and that you want them to visit you and pray with and for you. If you want a doctor, you always send for him, and he comes. So, if you want the elders of your church, of whom your pastor is one, then do like the Bible says, 'Call for the Elders.'

"It only costs one cent to buy a postal card, and write your pastor when you get sick, and if you will write me when you would appreciate a visit by your pastor, either in times of sickness or in times of health, I am willing to pay the postage. Your pastor is not divine ,he is not supposed to know that you are sick. When you get sick enough to send for the doctor, at the same time start a postcard to your pastor, and if he can not go at once, he will at least pray for you and will come just as soon as possible."

PRINCE IN AIRSHIP.

Heir to British Throne Takes Ride in Dirigible Beta.

London, June 26.—The fact that the Prince of Wales made a trip in an airship was disclosed last night.

A week ago the prince went to the sheds at Farnborough and was taken up for a half hour's cruise in the dirigible airship Beta.

Gibraltar, June 27.—Spain and France are massing 50,000 troops in Morocco to suppress the Kabyle tribesmen.

WATTS NAMED AND CONFIRMED

President Appoints Senator Simmons' Choice as Collector of Internal Revenue in Western District —Victory for Simmons

(Special Star Telegram.)

Washington, D. C., June 27.—The President sent to the Senate this afternoon the nomination of Col. Alston D. Watts to be collector of internal revenue for the Western district of North Carolina, thus ending a political fight between the followers of Senators Simmons and Overman, and Secretary of the Navy Josephus Daniels, which has been waged since early in March.

Watts' nomination was confirmed without being referred to a committee, a most unusual proceeding. It was charged that Watts was a reactionary and was not in sympathy with the policies of President Wilson. It is known that Mr. Wilson believed these charges to be well founded.

The appointment of Watts was made because of the close relations between Mr. Simmons and the President. The senior Senator's firm stand for the President's policies in tariff-making has received warm commendation from the President.

The nomination of H. S. Harris for postmaster at Enfield was also sent to the Senate this afternoon.

H. C. McQueen, M. F. Corbett, J. C. Carr and W. S. Goodwin, of Wilmington, are here. P. R. A.

LEGISLATORS AT MOREHEAD.

Railroad Committee Adjourns—Constitutional Work Going On.

(Special Star Telegram.)

Morehead City, N. C., June 27.—The A. & N. C. R. R. committee of the Legislature, which convened Tuesday to discuss the sale of the road, has adjourned to meet again at the call of the chairman after the committee has been able to collect certain data relative to the physical condition of the road now, as well as when leased by the State to those who now control the road.

They are also going to the civil engineering department for maps and surveys, of the proposed harbor of refuge at Cape Lookout. The committee will also confer with Governor Craig, and other State officials before it meets again.

At various sessions held by the committee, the chief objections have been that a fair price has not been offered, and that the State does not need the money; that at the expiration of the lease term, the property will be worth several times its present value and the State should hold it as a lever on the freight rate question in the event that the proposed harbor of refuge is provided at Cape Lookout, and also if the A. & N. C. Railroad is extended to that point, giving a direct connection with water routes.

Showing sentiment for reform on the subject of taxation, but with the understanding that no vote will be taken until some time tomorrow night, the full Constitutional Amendment Commission tonight got down to a discussion of the sub-committee's report, which recommends that the Legislature may have the power to classify and segregate property for taxation purposes.

The majority report provides that in case of segregation of property, that is, setting aside certain property for State purposes, and certain for local taxation purposes, all real estate except that of public servie corporations, shall be taxed only for local purposes. R. R. Williams, a member of the committee, tonight brought in a minority report, the effect of which is to give to the Legislature a wide range and not to limit the State from levying, if necessary, upon real estate for taxation. The Justice report for the majority makes segregation total if adopted by the Legislature, but it does not give the Legislature the right to classify without segregation. In classification of property such things as moneys, and solvent credits, may be set apart and the Legislature would have the right to fix a different rate than any other class, the important provision being that there shall be uniform rule within the territorial limits of the authority levying the tax.

The only difference between Mr. Williams and the majority of the subcommittee is that Mr. Williams wants to go a step further by not making segregation total, if adopted, but could be partial or total in the wisdom of the Legislature.

Hon. J. R. Rose, of Kinston, argued for equal taxes and would have the constitution provide for State Tax Commission.

Hon. A. D. Ward, of Newbern, gave notice that he would bring in a minority report prohibiting segregation.

The sentiment of the committee is undoubtedly in favor of making a decided reformation.

BRUCE CARRAWAY.

R. W. WINSTON RECEIVER.

Named by Judge Connor for Goldsboro Traction Co.

(Special Star Telegram.)

Raleigh, N. C., June 27.—On petition of the Mercantile Trust & Deposit Co., of Baltimore, Judge Henry G. Connor, of the Federal Court, has named R. W. Winston, Jr., of Raleigh, as receiver for the Goldsboro Traction Co., which has been operating three and a half miles of electric car line at Goldsboro.

The Mercantile Trust & Deposit Co., holds $20,000 of the Goldsboro concern's bonds. Operation of the cars was discontinued three months ago on the plea that the Carolina Power & Light Co., which has gotten control of the Goldsboro electric plant, raised the rate for current to such an extent that the car line could not be operated. The company took current from the city until the city plant was sold to the Carolina Power & Light Co. The line was built by F. T. Oliver, formerly of Raleigh, but some time ago it passed into the control of the Goldsboro, Seven Springs & Swannsboro Railroad Co.

Horlacher, a Wilkesbarre (Pa.) semi-professional, struck out 21 men in a 10-inning game. Several clubs in the majors are said to have sent scouts to look him over.

SHRINERS' SUMMER SOJOURN IS OVER

Ninety-Four Sons of Ignorance Reach the Mystic Shrine

NEXT MEET AT CHARLOTTE

The Hundreds of Visitors Depart Today for Their Homes After a Happy Visit to Wrightsville Beach.

After two days of uninterrupted possession of the city of Wilmington and Wrightsville Beach, the members of Oasis Temple of the Ancient Arabic Order of the Nobles of the Mystic Shrine brought their Summer Pilgrimage to a close last night with an elaborate banquet served from a crescent table around the Mystic Oasis in the midst of the sands of the beach on the point of the island, north of the Oceanic Hotel.

Many Shriners who have made merry with heart and soul for the past two days will leave on the morning trains today, though a large number will remain over Sunday to enjoy the pleasures of the seaside resort.

At Lumina hard by where the ocean billows roar and where the rays of the noon-day sun beat with terrific force upon the glistening sands of the seashore, 94 benighted sons of ignorance were brought yesterday to see the pure, serene light of day, known only to the enlightened sons of the Desert, by the Nobles of Oasis Temple, who have labored earnestly the past two days to accomplish this worthy purpose. With characteristic thoroughness they did their work so well that to their dying day the newly made Shriners will hold in vivid memory their pilgrimage from the changing scenes of woeful sorrow to the shining portals of blissful happiness.

In order to reach the plane of complete enlightenment the aspiring wanderer across the sandy desert must first be made to realize his unimportance. In order to accomplish this worthy end the "fresh meat" yesterday were required to perform a variety of humble tasks such as blacking shoes, scrubbing the floors of the hotel, picking up shells along the seashore, washing dishes and other domestic duties.

Since some of the novices had a high regard for their own personal appearance they were robed in various and sundry outlandish, unheard of costumes of varied hue, which, with a liberal amount of paint and powder served to make them appear in a completely ridiculous light. They were then photographed, and the sight of the resulting picture by any crow is guaranteed to drive it away never to return. Poe's raven would not have pestered him had he had one of these photographs in his room.

Accompanied by the gorgeously arrayed sons of the desert they were unceremoniously marched to Lumina pavilion at 11:30 o'clock and were kept busy for the next four or five hours in a way known only to the Shriners themselves. It is sufficient to say that when they returned they had the appearance of having undergone many perilous adventures.

Then came their meeting again with the Illustrious Recorder, Tom Griffith, who recorded their names in his big book and handed them forth a little Red Fez which each one proudly placed upon his head, and blossomed forth a full fledged Shriner and entitled to all the privileges of the order.

Then came the congratulations from their fellow Shriners which were cordial and sincere. They were called on for speeches which many responded to with becoming grace while others begged to be excused as they said they were tired, very tired, after their long journey across the desert.

E. M. Koonce, Esq., the gentleman from Onslow, when called on to make his speech, told about the little girl who when asked to make a speech befcre the district school made one as follows: "Hing hong hing, jing yong bing, sing a son, run along, say a thing when you can." He said that this was his speech and the only one he felt capable of making.

In the afternoon the ladies of the party were brought in special cars, provided by the Tidewater Power Company, to Wilmington, and were then taken for an automobile ride over the city and suburban points. When the tour of the city was completed they went to the Elks' Temple where a delightful luncheon was served by the ladies of the entertainment committee of the Shriners. It was a most pleasant occasion and much enjoyed by the large number of ladies present.

The "Fresh Meat."

As stated there were 94 candidates who made the journey across the hot sands. The names of 90 were obtained and they are as follows:

W. A. Montgomery and G. E. Wilson, Charlotte.

J. C. Durham and E. W. Craddock, Salisbury.

J. T. Wright, Fayetteville.

J. G. Dawson, Kinston.

MACKMEN SPLIT WITH GROFF

Senators Took First Game and Dropped the Second—Chicago Won, Also St. Louis Browns and Boston Red Sox.

The Washington Senators after dropping a double-header to the Athletics on Thursday, came back with Walter Johnson yesterday afternoon and took the first of a double-header in easy manner. However, they marched right down the other side of the hill, dropping the second contest to the Mackmen.

The Chicago White Sax bunched hits behind Falkenburg's free passes and pulled out a win in yesterday's game with Cleveland.

St. Louis manager to get away with their third game with the Detroit Tigers, who seem to have struck the down grade for the past two weeks.

The New York Yankees dropped two games in succession to the Boston Red Sox and have now clearly established their right to the title of world champion losers.

Senators Split With Mack.

Washington, June 27.—Washington and Philadelphia divided today's double-header, the former winning the first game 2 to 0, and the visitors the second 11 to 5.

Philadelphia	000 000 000	0	3 2
Washington	100 100 00x	2	3 2

Brown and Lapp; Johnson and Ainsmith; time 1:35; umpires Connolly and McGreevey.

Second game:

Philadelphia	230 104 010	11	10 1
Washington	400 000 010	5	8 7

Houck, Bush and Schang; Hughes, Gallia, Harper and Henry and Williams; time 2:25; umpires McGreevey and Connolly.

Chicago Won.

Chicago, June 27.—Chicago, bunching hits behind Falkenberg's bases on balls, won today from Cleveland, 3 to 2. The visitors' play was improved by the return of Jackson.

Cleveland	000 000 200	2	7 0
Chicago	000 210 00x	3	6 0

Falkenbeary, Blanding and Carisch and O'Neill; Cicotte, Russell and Schalk; time 2:15; umpires Hildebrand and O'Loughlin.

St. Louis Pulled a Win.

Detroit, June 27.—Wellman's pitching was too good for Detroit today and St. Louis won again, the score being 8 to 3.

St. Louis	000 310 310	8	8 3
Detroit	000 101 001	3	9 2

Wellman and Agnew; Hall, Dauss and Stanage; time 1:58; umpires Evans and Egan.

Yanks Dropped Two.

Boston, June 27.—Boston took both games of a double-header with New York today, 10 to 3 and 6 to 4. Leonard in the first contest gave only four hits and no passes. The second game was close up to the eighth inning.

New York	100 001 010	3	4 2
Boston	102 070 00x	10	15 4

Keating, Crandall and Sweeney and Gossett; Leonard and Carrigan; time 2:05; umpires Hart and Dineen.

Second game:

New York	000 002 002	4	7 2
Boston	001 001 04x	6	8 2

Fisher, McConnell and Sweeney; Bedient and Nunamaker; time 2:04; umpires Dineen and Hart.

WHITE MAN HELD FOR BIGAMY

Durham Young Lady Insulted by Negro—Considerable Feeling

(Special Star Correspondence.)

Durham, N. C., June 27.—Lawrence Roper, a young man, at present a resident of Keysville, Va., was brought to Durham last night in the custody of Sheriff John F. Harward on a charge of bigamy. No requisition papers were necessary as the man was willing to come with the Durham sheriff.

On the 10th of September, 1912, Roper came to this city with a young woman who gave her name as Florence Swindell. They applied for marriage license, and it was issued as there was no good reason for not doing so. The couple gave as their home Hyde county. The ceremony was performed by Squire R. A. Harris, and soon afterwards the couple left here for Keysville. Lately it has developed that Roper has another wife, from whom no divorce has been secured.

Walter Walker, a big buck negro, was arrested here yesterday afternoon on a very serious charge. He is charged with having stopped a young white woman of excellent standing on Main street and making improper proposals to her. The young woman in the case declares that several times recently she has been in a continual state of dread while going to and from her work on account of the big negro who for the past week or so has been in a habit of trying to stop her. Yesterday, the black blocked the young woman's way in a deserted part of the street. She reported the matter to a friend after she had evaded the negro, and Deputy Sheriff Pleasants was made aware of the insult. He immediately soight out and arrested the negro, who was lodged in the county jail. The affair has raised considerable feeling against the negro, and he would fare badly should he fall into the hands of friends of the young lady.

The three chapters of the Junior Order of United American Mechanics of this city, are making a co-operative effort to get the next meeting of the State Council in this city which will meet at Wrightsville Beach in August, and the local lodges are already laying their plans for the campaign to land the next meeting in Durham. In this the Durham, East Durham and West Durham lodges have the co-operation of all the lodges in the 10th district of the order, and they are enthusiastic over their prospects.

We have received a copy of the new catalogue of the A. & M. College at Raleigh. During the past year the college had an enrollment of 669, with 310 in the several courses in agriculture. There were 59 graduates. It is significant that nearly all of these young men had accepted good positions before their graduation.

OPPOSE SALE OF "MULLET"

Kinston Protests Against State Selling A. & N. C. Railroad

(Special Star Correspondence.)

Kinston, N. C., June 27.—Plans are forming in this city today to send a delegation to Morehead City to appear before the legislative constitutional commission and protest against the sale of the State's stock in the Atlantic & North Carolina Railroad to E. C. Duncan, who made a proposition to the last General Assembly.

It is said a strong sentiment exists here against the sale of this stock on the terms made by Mr. Duncan, and this sentiment wants a hearing before the commission. Several months ago the same men who are opposing the deal in question accepted with disfavor the sale of Lenoir county's stock to Duncan. This county held 500 shares of the stock, of which there is a total of 12,666 shares, and it brought $37,500.

The basis for the opposition is thought to be a suspicion that the stock will ultimately go into hands which will use it to the disadvantage of the territory in which the Norfolk Southern, the company holding a 99-year lease of the A. & N. C., operates.

Between 75 and 200 Woodmen of the World and their friends, including a number of ladies, were present at a social session at which E. B. Lewis, of this city, one of the National managers, made an address. Mr. Lewis is sovereign manager of Jurisdiction W. Other speakers were D. F. Wooten, manager of the camp, and Rev. Mr. Charleton, pastor of Atkinson Memorial Presbyterian church.

WITH THE MOVIES

Every amusement lover must be in on today's big show at the comfortable Grand Theatre, with its Summer price of 5 cents admission. Today's bill is the best for variety and general strength yet presented. One is Selig's great circus film, "Arabia Takes the Health Cure," with the famed trained horse, "Arabia," in the title role, and the other is "President Wilson," showing scenes when President Wilson met some of the big men of the country. The Vitagraph presents its wonderful success, "The Old Guard." It is a story of an old soldier who fought under Napoleon. Still another notable one today is "The Wordless Message." It is a beautiful dramatic.

HOSPITAL OPEN TO PUBLIC.

Meriwether Institution Offered by Estate of Physician.

Asheville, N. C., June 27.—Meriwether hospital, founded by the late Dr. Meriwether and one of the finest surgical hospitals in the South, is a public institution, the estate of Dr. Meriwether at a meeting which was held yesterday having decided to open the building to all of the physicians of the city who desire to take patients to the institution. For years past there has been a movement on foot among the physicians of the city looking to the erection of such an institution and the news of the decision of the Meriwether heirs will be learned with a great deal of interest in this city. D. L. Meriwether, a brother of Dr. Meriwether, will be business manager of the institution, and Miss Florence Pitts will retain the position of superintendent.

GIANTS NEAR COVETED GOAL

Phillies Get Another Defeat Yesterday and McGraw Men Another Victory—Reds and Pirates Among Winners.

The New York Giants are now separated from first place by the narrow margin of one and a half games, and the next two days will in all likelihood tell the story as to whether the Giants will again be in the championship series this Fall. If their winning streak continues until they reach the top, they will in all likelihood continue their dash, but should a slump overtake them at the critical time, it may mean that they will lose hopes and the Phillies continue to have things all their way.

The Brooklyn Car Dodgers continued their good work for the Giants by winning again yesterday and the Giants eased up and took another game from the Boston Braves.

The Cincinnati Reds were victorious in the third game of their series with Chicago, and will play the final today.

The Pittsburg Pirates defeated the St. Louis Cardinals in a 12-inning affair that was tied up by the locals in the ninth inning.

Dodgers Still Performing.

Philadelphia, June 27.—Brooklyn made a specialty of two baggers here this afternoon and easily defeated the home team by 6 to 1. Of the visitors' 18 hits eight were doubles, and the first six safeties, two-baggers.

THE PUBLIC SALE OF TIMBER

Heretofore Ordered to Take Place on June 24th Has Been Continued Until July 24th, as Stated Below:

By virtue of authority vested in us by resolutions of the stockholders and also Board of Directors of the Dill-Cramer-Truitt Corporation, we shall offer for sale at public auction on Thursday, July 24th, 1913, in front of the post office in Suffolk, Va., at 12 o'clock, noon, all the standing pine, cypress and other timber holdings of said company on 20,000 acres, more or less, of land in Onslow and Pender counties, in North Carolina, and fully described in deeds to said company, duly registered in the office of the Register of Deeds for said counties, a list of which said deeds may be had upon application to the undersigned.

The timber is conveniently located for shipment by either the Atlantic Coast Line R. R. or Norfolk Southern R. R.

At said sale no bid shall be accepted by the auctioneer unless the bidder deposit with the auctioneer a certified check on some reputable bank for the sum of $25,000.00, said check to be returned to the bidder if he should fail to become the purchaser of the property; otherwise, to be used as a credit on the purchase price.

Terms: One-third cash, one-third in six months, and one-third (the balance) in twelve months, with interest from date of sale and to be secured by deed of trust on the property, or other satisfactory security.

Any party or parties desiring more detailed information in reference to said timber can secure the same upon application of the officers of the company.

STATUE TO JUSTICE RUFFIN

Judge Clark Announces Sufficient Funds to Erect Memorial—Preparing for Gettysburg—Central Highway Tour.

(Special Star Correspondence.)

Raleigh, N. C., June 27.—Chief Justice Clark, of the Supreme Court, announces that there is in hand now sufficient funds in money and pledges for the erection of the statue of Chief Justice Thomas Ruffin in Capital Square, and W. F. Ruckstull, who has made a number of fine busts for the State, has been selected as the artist to model the statue, which will be of bronze.

He says that when the Supreme Court moves into the new State building it will have a number of valued additions to its collection of judges and leaders of the North Carolina bar, whose portraits will be given place in the court room and the library, the "leaders of the bar" to be placed in the library. It is expected that the statue of Judge Ruffin will be given a place facing the new State building in which the Supreme Court is to be quartered.

Judge W. A. Montgomery, Dr. D. H. Hill and others of the special commission for making the important positions of North Carolina troops in the battle of Gettysburg, who have been at the battlefield for several days doing preliminary work to this end, returned to the city this evening.

Practically all the other members of the special commission and the North Carolina Historical Commission, which is co-operating, will return to Gettysburg Monday for the reunion to be in progress July 1st, 2nd, and 3rd. During the next few days there will be prepared a special pamphlet by Judge Montgomery, R. D. W. Connor and other well known authorities on the battle of Gettysburg and North Carolina's part in it. This will be used during the reunion for distribution among the North Carolina veterans and every effort will be made to secure expression from them as to the positions that the North Carolina authorities are seeking to accurately identify and permanently mark.

It develops that the markers cannot be placed until a considerable degree of red tape has been observed with the Battleground Commission, owing to the complete control of the battlefield that Congress has placed in the commission. Furthermore, this commission has so much on its hands just now in the immediate preparations for the great reunion that no attention can be given to the wishes of the North Carolina commission with reference to the location of the markers.

Col. J. Bryan Grimes, W. J. Peele, T. M. Pittman, R. D. W. Connor, Judge Montgomery and Hon. C. B. Watson will be among the North Carolina commissioners at the reunion to further the interests of this State in the location and the marking of the positions of the North Carolina troops.

The indications are that quite a number of automobile owners of Raleigh will join Governor Craig and his party the latter part of July for the run through the State from the Tennessee line to Morehead over the Central Highway. The Raleigh automobilists will join the party here. They may go probably a day's run westward to meet the party and then proceed with them the remainder of the trip. The party will start from the Tennessee line in Haywood county, July 26th, according to the present plans, and will cover the 461 miles to Morehead in time to attend the annual convention of the North Carolina Good Roads Association.

July 31st the Raleigh city commission will open bids for the old market house and municipal building on Fayetteville street, the sale being in order that there may be erected a new market at the corner of Martin and Blount streets, and additional proceeds invested in street improvement. The building must bring at least $80,000. It is expected that a corporation will be formed to purhase the old building site with a view to erecting a modern office building, the site being ideal for this purpose.

FIRE IN GOLDSBORO.

Three Dwellings Destroyed Yesterday. Fireman Hurt.

(Special Star Correspondence.)

Goldsboro, N. C., June 27.—The wild clanging of the fire alarm bell throughout the city at 3:30 o'clock this morning caused hundreds of persons to dash out into the streets, where the glare in the heavens started a stampede in the direction of South Goldsboro, where in less than an hour three dwelling houses belonging to F. S. Sherman, were destroyed by devouring flames while an adjoining dwelling to the left was considerably damaged.

The fire started at 3 o'clock and had gained considerable headway before the alarm was sent in, but this was not all that handicapped the firemen, as water had to be cut off by the bursting of hose at three different intervals, the lost itme adding fuel to the fire and caused a blaze that lit up the skies for miles around, and soon all sorts of rumors were afloat that every building of prominence, from the Goldsboro oil mills to the smallest shack were burning.

However, excitement seekers did not meet with disappointment, that is, those who were traveling on John street, for as the hook and ladder truck went dashing by them, Fireman John Fulghum, in some way lost his balance and was thrown heavily to the stone pavement, but fortunately was not seriously injured, though his left hand was badly mangled and he received several painful bruises.

At this writing no estimate of the loss can be obtained, but all three dwellings were insured.

Preparations are being made by the local fire company to attend the State Firemen's Tournament this year which will be held at Wilmington in August. Last year only one racing team was entered. "Mary Alice" the fire engine that took first money in the quick steaming and long distance contest will not probably enter the contest this year as the city officials have protested against taking the engine out of the city, but as the new automobile truck will arrive the latter part of July, it is thought that the officials will then consent to the engine being entered in the quick steaming contest, but should the truck be delayed in its arrival the fire engine will remain in the city. More contests will be entered by the local company this year, and if their former reputation counts for anything they will return home with some of the honors.

BAPTIST ORPHANAGE GROWS

Thomasville Institution in Fine Condition—Commencement

(Special Star Correspondence.)

Thomasville, N. C., June 27.—This has been commencement week at the Thomasville Baptist Orphanage, the largest and most successfully conducted orphanage in the South. There were 397 children cared for during the past year and contributions for maintenance have been larger than ever in the history of the institution. During the year the orphanage received from the Misses Galloway the gift of a $30,000 farm in the French Broad country between Brevard and Lake Toxaway, to be taken over on their death.

The directors have decided to open the Kennedy Memorial Home, near Kinston January 1st. Two new dormitories have been started. Hartwell Scarboro has been named sub-manager.

Attorney General T. W. Bickett delivered the commencement address here Wednesday. Thousands of people attended the closing exercises during the week.

ARRESTED ON SUSPICION

Three Are Held Pending Investigation of Murder

Waynesville, N. C., June 27.—Charlie and Ira Jones, brothers, and Minnie Brown, a woman, were arrested and jailed last night on charge of knowing something about the death of Will McClure, who was found dead by the roadside Tuesday evening by M. S. Ferguson and others. The coroner's inquest today resulted in committing Ira Jones to jail; Charlie Jones and Minnie Brown are held under bond of $200 each as material witnesses. Two scalp wounds were found on the back of McClure's head, which had the appearance of being made with knucks or a blackjack.

FLORENCE NEGRO KILLED

Body of Alex. Gregg Found on Railroad Tracks at Benson

Benson, N. C., June 27.—The dead body of a negro man was found early Wednesday morning lying between the railroad tracks here. James W. Kirkman, county coroner, was summoned, and after empanneling the following jury —E. Fonville, J. F. Lee, Charles E. Stephenson and Z. H. Rose—an inquest was held. The jury made the following report: "That the deceased colored man, supposed to be Alex. Gregg, of Florence, S. C., came to his death by a train going north or south Tuesday night or early Wednesday morning."

The body was identified by a receipt found in the dead man's pocket.

EX-GOVERNOR DOUGHTON ILL

Former Lieutenant Governor Does Not Improve

Sparta, June 25.—Former Lieut. Gov. R. A. Doughton, who has been ill for a week or more, does not improve, and is unable to attend the meeting of the Constitutional Amendment committee of the Legislature at Morehead City.

A small son of Mr. and Mrs. Jack Ball was badly mutilated by a hog one day last week, and the wounds seem likely to prove fatal.

LIGHTNING KILLS MAN

Mountain Section Visited by Many Electrical Storms

Boone, N. C., June 27.—Mr. John Weaver, a prominent citizen of Ahe, was instantly killed today by lightning while cutting a tree. He received the whole force of the volt on his left side and was badly mangled. Three other men that were working with him were badly shocked.

This mountain section has been visited by a great many violent electrical storms this Summer. Much damage has been done to stock and crops in different parts of the county.

The modern girl resents the old fashioned idea that she is a canary bird.

A city without a park furnishes cause for comment by visitors from small towns.

Our idea of a sound proposition—the noise made by a fellow who is bent on selling the village band a set of wind instruments.

Miss Hazel Lewis asserts that beauty is a handicap. Quite a number of the ladies at Wrightsville Beach are wonderfully handicapped.

Some men kick like a Missouri mule because the other fellow is earning 12 per cent. on his capital while the kickers can't make over 25 per cent.

A Philadelphia inventor claims that water can be used for fuel. Even then, the average married man could not be depended upon to bring in the water to keep up the fire.

The man wno does things should do them without making a fool of himself. Governor Blease does things but the laugh is always at the expense of South Carolina.

"To get the right to vote, I would die," exclaimed an English suffragette. To save our lives we can't see why any woman should prefer, under any circumstances, to join "the silent majority."

The trouble about men like McNab is that they make a dash for the limelight by displaying a total lack of judgment. They aim to make a hit but fly off the handle while hitting in the wrong direction.

If the Governors were to organize a minstrel show they wouldn't have to worry over the selection of but one end man. Governor Blease, of South Carolina, could hold down one end and possibly might be the whole show.

The Charlotte News observes: "What child has not felt the mystic thrill of romance permeating the very fabric of the fairy tale?" What woman has not been overwhelmed with incredulity when her husband came home and attempted to weave the fabric of a fairy tale?

Says the Halifax (Va.) Gazette: "It is said there are 20,939 Virginians living in North Carolina, but no one has been able to tell why." Why, it is on account of the fine intelligence displayed by those Virginians who recognize the difference between a splendid opportunity in North Carolina and a mere living chance in the Old Dominion. They like to be "first" and "farthest" don't you know?

The press of the State has been saying a lot of nice things about the three new members of the State Board of Health—Dr. E. J. Wood, of this city; Dr. Cyrus Thompson, of Jacksonville, and Dr. A. A. Kent, of Lenoir. The Governor appointed Dr. Wood and the board elected Drs. Thompson and Kent, and neither could have improved on their selections. The State is fortunate in being able to command their services.

Governor Brown feels called upon to rail out against the tyranny of labor organizations. Most of them are only trying to get what's coming to them, because the stronger organizations are united in seeing that they barely get a living. Labor only organized in order to resist the tyranny of organizations that were formed before its organization got in commission. It is organization against organization and both are as liable to be as tyrannous as just, according to the circumstances. Doubtless there are instances when labor is exacting, but there are more instances when labor is not only expected to earn a fair return on legitimate investments but a dividend on watered stocks. The Governor's mistake is in bringing indictments against a system instead of against some of its units. It wouldn't be fair to indict the entire industrial system of the country because of the abuses in the sweat shops of some metropolitan manufacturing companies.

GREAT HARBOR TERMINAL HERE

The Star yesterday referred in its local columns to the recently chartered Germania Manufacturing Company which a few days ago purchased 18 acres of water front property in the southern portion of Wilmington. That company was recently chartered with a paid up capital of $100,000 and $200,000 authorized, and when its plans gradually unfold, Wilmington will wake up to the fact that it is the beginning of a developmental undertaking out of the ordinary.

The gentlemen interested are business men who have scope to them, and The Star predicts that it will be one of the most constructive of Wilmington's industrial corporations and development enterprises. The interest purchased is known as the Kidder saw mill property and with it is included the plant of the Wilmington Handle Company which is to be rebuilt and operated on a large scale. Other collateral manufactures will be added, including various wood products for the domestic and export trade. However, that is but a small part of the ambitious plans of the company.

The property purchased is one of the most valuable terminal sites fronting on the harbor at Wilmington. It lies right opposite the anchorage basin, and the ampleness of the area of the property affords a great opportunity to do something on a big scale. That is why it was purchased, and as soon as the promoters can arrange their plans and get to work on the lines contemplated, it will make Wilmington open its eyes and cause the State to sit up and take notice.

The hint in yesterday's Star that it is to be made a deep-water terminal and manufacturing center is significant. Long ago we picked it out as the most eligible property on the harbor front for that purpose. It fronts 900 feet on the harbor and is capable of an immense pier, dock and warehousing project. We cannot speak yet of the definite purposes of the company, but in the perspective we see an ocean terminal of the most modern description. It is such terminals that will cause Wilmington's commerce to grow, and we can easily foresee that the property furnishes the opportunity for the greatest water terminal to be found at any port on the South Atlantic.

The charter of the company is broad in its scope, and authorizes the construction of piers, docks, slips, warehouses, etc., as well as the operation of ships. That means an ample addition to Wilmington's already excellent dock and warehouse facilities, already large enough to be called a system. Such a terminal can take care off any additional shipping that may come to Wilmington, and the probability is that it is to be made a terminal with the most commodious berthing for passenger and freight ships of regular lines or for vessels by charter or on call.

Wilmington is to be congratulated upon this extensive project. The possibilities are great and we venture the assertion that they are even beyond th dreams of the Germania Manufacturing Company itself. Our conception of the plans not yet fully unfolded, is that they are going to give Wilmington such a manufacturing and commercial terminal as The Star has been exploiting from time to time for many years.

The opportunities of the purchasers and their associates in the various enterprises they contemplate are simply unlimited. There is room enough on that large water front property for an undertaking of immense scope, and certainly there is no more eligible locality on the harbor for providing this port with the most modern terminal and manufacturing scheme that is capable of being developed anywhere on the Atlantic.

THAT INDEPENDENT STEAMSHIP LINE.

With nearly 200 miles intervening between Wilmington and Charlotte the Charlotte Observer and The Star both in their editorial columns yesterday morning declared that such a steamship line as advocated by Mr. Maxwell would not prejudice the campaign for just freight rates, but would be an "auxiliary" towards securing relief from freight rate discrimination against North Carolina. Both papers took identical views on the same subject yesterday morning, although neither writer knew that the other was thinking along that line. Here is what The Observer said yesterday:

"That little speech Clerk Maxwell got off at Wilmington seems to have been loaded. Some of the Just Freight Rate people are afraid it may interfere with their plans, and in the meantime Wilmington and Southport are taking hold of the proposition in earnest. No matter what happens, the establishment of a steamship line for the North Carolina gate-way, which is the mouth of the Cape Fear, would be a tremendous auxiliary to the securing of better rates and maintaining them."

The Observer speaks the Gospel truth. Whether it is Mr. Maxwell's plan for establishing such a line or whether it is some other, the main advantage is the additional steamship service that North Carolina would get. If a steamship line were to be run into every port in North Carolina, the "just freight rate" cause would be served all the better, so that President Tate, of the Just Freight Rate Association of North Carolina, does injustice to Mr. Maxwell in accusing him of blocking the association's plans to secure better rates.

A steamship line would interfere with no plan of the association for securing just rates. It could not possibly affect the right of the Legislature to pass legislation in accordance with the recent decisions of the Supreme Court. On the contrary, the cause would be helped by more steamship service whether it is independent or otherwise. Better steamship service at Wilmington would mean more water competition, and water competition would be the biggest argument that could be made before the Inter-State Commerce Commission or the Supreme Court. It is part of the facts and the law in the case.

It is a singular and happy coincidence that prior to Mr. Maxwell's speech before the North Carolina Merchants' Association, at Wrightsville Beach, a charter was issued at Raleigh for a great Wilmington terminal corporation. With the plans of that company carried out, North Carolina should not only be able to have their own ships to be run to Northern ports, but through the Panama canal, if need be. At any rate, the recently chartered company here has on foot a terminal plan that will make Wilmington a greater port if North Carolinians will so will it. The terminal facilities will be here for the use of an independent line or any other and the ships will come even if we don't build them ourselves.

Will North Carolina furnish the cargoes to load the ships? If she can't she would put up a poor argument for lower rates. However, she can greatly increase her commerce by co-operating with any movement along that line at Wilmington.

FOREIGN BEEF SUPPLY.

The idea that we should have to depend on foreign countries for our meat supply is too serious to be absurd, yet it is absurd. That we are actually importing beef, both on the Pacific and the Atlantic, read this from the Baltimore American:

"A second consignment of Argentine beef, consisting of about ten tons, was delivered in New York last week. It came, like the first importation, not direct from Buenos Ayres, but by way of Liverpool. This beef pays the import tax of 1 1-2 cents per pound and is offered to the retail handlers at 1 1-2 cents per pound less than the prevailing prices for native beef of corresponding grades. The original consignment, it is said, sold very readily. These shipments are made experimentally by a British beef importing concern. If these British meat handlers, after paying the double ocean-crossing freightage, can sell Argentine beef in this country at a profit, surely there will be a steady market for direct shipments when the existing duty on imported beef is removed. Beef from the grass fields of central Argentina can be delivered to a west coast port for shipment almost, if not quite, as cheaply as it an be put down in Buenos Ayres. And when shipped from a Western port and sent up through the canal, the water haul to the Atlantic coast of the United States will be reduced by fully 2,000 miles. Which is to say that as soon as the canal opens there will be available a new source of fresh meat supply, or, perhaps, two new sources of supply. We shall be obtaining frozen mutton from Australia as well as frozen beef from Argentina."

It must be remembered that only the ports with great refrigerated storage warehouses can import meat. The smaller ports could get no relief from importations. The fact that New York and San Francisco are importing beef, mutton and pork ought to convince us that the demand there is not being supplied. It gives us a fine opportunity to go into the cattle business and supply it.

Of course, Wilmington could export beef, too, if she had large cold storages on the water front. She already has the terminals and will have others, but we prefer to see North Carolina go into the cattle raising industry while the importers would not be in competition with the farmers here. We have been neglecting the industry so long that meat consumers are demanding beef from abroad. The tariff has been reduced for their benefit, and if we once begin to import meats it will be all the harder to establish the cattle industry here. We ought to do it now while the competition is slight. However, we do not fancy that Australia and Argentina can furnish enough meats to supply this country as well as Europe. We ought to go into it for the reason that it is one of the most promising industries that can possibly be started here.

CURRENT COMMENT.

The Wilmington Star says: "The Star offers a toast to the president of Chile, as his country is doing $3,000,000 of business with the port of Wilmington. It's all right, anyhow, although Chile's balance of trade against Wilmington is $3,000,000." The editor of The Star is certainly a Christian gentleman, or under the circumstances he would offer the president of Chile a roast instead of a toast.—Jacksonville Times-Union.

A cotton school in connection with the Agricultural and Mechanical College of Texas has been opened at College Station. The school is intended to give instruction to farmers, ginners and men who intend to enter the cotton business, on all matters pertaining to the classing of cotton. J. W. Brown, who has worked with big cotton exchanges in New York, New Orleans, Memphis and other cities, will discuss in frequent lectures the relations of the Cotton Exchange to the farmer and the ginner and to the cotton trade.—Cotton and Finance.

Unless all signs fail Robeson county's Fourth of July celebration in Lumberton this year is going to be a great event, the greatest celebration of its kind ever held in this part of the State. There will be many other attractions, but that Hon. Lee S. Overman, North Carolina's junior United States Senator, is to be the speaker of the occasion, and that there is to be a flying machine exhibition is enough to draw all of Robeson and many from other counties. Take a day off and be with the crowd on the Fourth.—Lumberton Robesonian.

John J. Blair, superintendent of the Wilmington schools, in his annual report declares that the course of study in the public schools should be made a part of the real life of the pupil. That the church must be brought closer to the problems of organized society was givorously maintained by Dr. Poteat, of Wake Forest, in an address here Sunday. These two gentlemen undoubtedly represent the foremost sentiment in modern church and scholastic life and it may be put down as certain that both the church and the schools will become increasingly practical. Whereat there is cause for rejoicing.—Newbern Journal.

Mr. Fred N. Tate, of High Point, president of the North Carolina Just Freight Rate Association, has neither added to his own reputation and popularity nor helped the cause of the shippers of the State by his fling at Clerk A. J. Maxwell of the State Corporation Commission because of the suggestion by the latter that the shippers of the State form a million dollar corporation for the establishment of a steamship line. There can be no doubt but that Mr. Maxwell's suggestion has made a great impression throughout the State. The majority of the business men of the State, judging by expressions from the press, believe that the plan suggested is feasible and that permanent relief can certainly be secured by the course suggested. Mr. Tate's outburst was evidently caused by the fear that the interest in the proposed steamship line would divert attention from the freight rate fight now being made in the State. We believe that Mr. Tate is wrong in his conclusion. The people of North Carolina are so tremendously in earnest in this matter that they are going to pursue every possible means of bringing about relief.—Charlotte Chronicle.

LEST WE FORGET "STONEWALL" JACKSON

To the Editor of The Star:

Fifty-two years ago at Manassas he was as always, brilliant and fearless in defense of the hearthstones and liberties of our Southland and under this biting test of real fire no man then or thereafter found aught but the clear sheen of pure metal. It was on this field that a knightly comrade, about to die, called him "Stonewall."

This new name represented to Jackson's comrades, those sturdy gentlemen who made up the rank and file of the Confederate army, the synonym of strength and steadiness, and was peculiarly suitable to his character, and until his death on the field of battle, his life stands as a clear proof, that these gallant Southern soldiers, themselves and their motives unsullied, knew by instinct the real man from the counterfeit.

Neither cenotaph nor words of homage can ever portray the fiery genius and impetuous valor or the intuitive and lightning-like stroke of his attack, and, even the name "Stonewall" but faintly conveys an idea of Jackson's impenetrable and immovable defense against odds unheard of in other wars.

His marvelous campaigns are now used by students of strategy everywhere, but his fame as a soldier was exceeded by the love and almost idolatrous confidence in the man, which was displayed by his war-worn comrades, and it can be said truly of himself and his cause, "that none died with more honor or more glory, though many died and there was much of both honor and glory."

In all these years, here in the former capital of the Confederacy, no equestrian statue to Stonewall Jackson has been raised but we will without fail build one now. There should and will be no repeated appeals for money, but we feel that every Southern man, woman and child is entitled to the privilege of making a contribution and having his or her name and address deposited in the cornerstone as that of one of its builders.

If you feel that this tribute is due from the Southern people to the memory of Stone Wall Jackson, your checks, drafts or other communications will be appreciated and acknowledged if addressed to E. D. Hotchkiss, treasurer, First National Bank building, Richmond, Va.

MORE ABOUT SUNDAY SELLING

The Assistant Attorney General Concurs With City Attorney Bryan In His Views of Validity of City Ordinance

Practically concurring in the position taken by the city attorney, ex-Judge E. K. Bryan, with reference to the validity of the Sunday selling ordinance adopted by the Council Wednesday, a letter was received yesterday by the city attorney from the office of Attorney General in Raleigh. The opinion is given by T. H. Calvert, Esq., Assistant Attorney General, and agrees with the proposition put forward by City Attorney Bryan when he was asked by Mayor Moore if the ordinance he had drawn would stand the tests of the courts. The letter is as follows:

"State of North Carolina, Department of Attorney General, Raleigh, June 24th, 1913.

"Mr. E. K. Bryan, Wilmington, North Carolina.

"Dear Sir: Your favor of the 20th instant, requesting advice as to the power of the city to adopt an ordinance making it a crime for a person engaged in certain occupations to pursue their daily avocation on Sunday, within the corporate limits, has been under consideration.

"In reply thereto I beg to say that it would seem that the question is not free from doubt. The head note in States vs. McCoy, 116 N. C., 1906, states a general rule that a city ordinance is void when it covers an offense under the general law. An examination of the case, and of the other cases cited in the opinion, shows that in the cases decided by our court on this question, the offenses had been in the jurisdiction of the Superior Court under the statute, and the reasoning of the court seems to have been that as a statute had declared certain conduct to be an offense, and had given the Superior Court jurisdiction, a municipal corporation was without authority to attempt to regulate the same conduct, and thereby conferred jurisdiction upon the Mayor.

"However, the discussion of this subject in Dillon on Municipal Corporations, Sections 630 to 633, and McQuillan, on Municipal Ordinances, Sections 497 et seq., indicates that it is a general rule that a municipal corporation is without power to adopt an ordinance declaring certain conduct to be an offense against the State, when the subject is covered by statute.

"In McQuillan, Section 499, it is said: 'But it is entirely competent for the Legislature to confer in express terms such powers as will enable the local corporation to declare by ordinance any given act an offense against its authority, notwithstanding such act has been made by statute a public offense and a crime against the State.'

'Though as stated, the question is not without doubt in this State, we are of opinion that the court would follow the broad rule declared by Dillon and McQuillan. Certainly, we have much doubt whether the city would by ordinance, impose a higher penalty than the statute, and cases could just as well be prosecuted under the statute.

"Yours very truly,

"T. H. CALVERT,

"Asst. Attorney General."

Of course, the above merely represents the opinion of the attorney writing the letter and an entirely different construction may be placed upon the matter by the courts. Taking the same view of the matter as advanced by Judge Bryan and concurred in by the Assistant Attorney General, it is likely that the Ministerial Association, which is leading in the fight for observance of the Sabbath, will test the ordinance that has been adopted to govern Sunday selling in Wilmington. It is stated that an attorney consulted by the ministers advised that this course could be pursued, attacking the ordinance on the general ground that it sought to regulate something that was already covered by State statute and, therefore, the State law would be paramount.

Under the ordinance adopted Wednesday, which is considered far more liberal than the one that was repealed, there is no telling to what extent the Sunday selling will be carried on. Yesterday a man who conducts a grocery store with a small soft drink stand in the rear sought the advice of the chief of police if he could keep open his cold drink department if he would curtain off the grocery department. The store has two entrances, one in the rear, where the cold drink stand is located, and the other in the front. He stated that he had been selling cold drinks on Sunday all along, but had the grocery department curtained on that day. Chief Williams stated that the ordinance does not mention anything about grocery stores being permitted to sell soft drinks by curtaining off the grocery department, as it does in case of cigar stores, confectionery stores, etc., but he thought probably grocery stores would be included. However, he would not give any opinion on this point, he said, and advised that the merchant consult the city attorney or the Councilman of Public Safety.

At the meeting of Council Wednesday Judge Bryan, in reply to a question of Mayor Moore, said that there was grave doubt in his mind as to whether the ordinance would stand the tests of the courts, but he had drafted the measure to meet the views of members of the Council, as he had been able to ascertain their views.

Colored Mission Workers.

Under special delivery postage from Currie, N. C., The Star has received the following: "Please make mention through your columns that a party of the greatest missionary leaders who are leading a campaign for missions will reach Wilmington Saturday night and will conduct a great missionary meeting at the Shiloh Baptist church Sunday night. The party consists of the following distinguished divines: Rev. C. S. Morris, D. D., or Norfolk, Va., the man who conducted a meeting in Norfolk that resulted in the conversion of 4,000 persons. Others are Rev. M. A. Tally, Dr. C. S. Brown, Rev. A. W. Pagins, and Dr. A. M. Moore. The Rev. Dr. Tally will preach at Shiloh Sunday morning at 11 o'clock. Go and hear this able preacher and be ably fed."

Get Another Big Contract.

The Boyle-Robertson Company, of Washington, D. C., which firm is constructing the $300,000 Atlantic Coast Line building and the new home of the Y. M. C. A. in this city, was yesterday awarded the contract by the government for the construction of the new postoffice at Winston-Salem, at $176,997, the lowest of 15 bidders.

VETS OFF FOR GETTYSBURG

Twenty-One Old Soldiers Will Attend From Wilmington and Vicinity. Leave Here Tomorrow Night for Scene.

Leaving Wilmington on the regular train tomorrow evening 21 old soldiers, as brave and as daring as any who followed the Southern flag, will represent this community at the reunion of the Blue and Gray at Gettysburg, Pa., next week, which marks the 50th anniversary of the battle of Gettysburg. Other veterans may decide today to make the trip, increasing the number who will attend from Wilmington and vicinity, but 21 was the number who had received their credentials from the adjutant of the local camp last night.

In the party will be the following: Gen. J. I. Metts and L. Leon, commander and adjutant, respectively, of Cape Fear Camp, U. C. V.; Messrs. Steve Jewett, R. M. Reaves, A. W. Watson, J. W. West, John A. Farrow, R. G. Strickland, J. O. Ormsby, T. A. Hodges, L. A. Watkins, A. F. Cox, W. M. Skipper, R. E. Cox, O. M. Filyaw, Joel Ray, James M. King, W. L. Nunnally, G. T. Jones, T. P. Sykes and C. Walters, of Fair Bluff. All in the Wilmington party will wear uniforms and Adjutant Leon states that if there are any who haven't got a gray coat may borrow one from the camp by applying to him. Some of those in the party will avail themselves of the accommodations provided by the United States government, but a great many will stop at hotels or boarding houses. Adjutant Leon asks that if there are any other veterans who expect to attend that they communicate with him today so that he can issue the proper credentials, which alone will entitle them to the accommodations arranged by the government.

Some of the Wilmington party will spend all of Monday in Baltimore and go over to Gettysburg on Tuesday, when the reunion proper begins. Others will probably go straight through to Gettysburg. They will begin returning Saturday of next week, but some will probably be away over Sunday.

Two of the Wilmington party were enabled to attend the reunion through the generosity of George Davis Chapter, Children of the Confederacy, and the Cape Fear Chapter, Daughters of the Confederacy. The expenses of one are provided by the Daughters and the expenses of the other are paid by the Children.

The official programme of the celebration was completed Thursday morning and was announced by Col. J. M. Schoonmaker, chairman of the battle of Gettysburg anniversary commission. The ceremonies, as apportioned to the several days, are:

Veterans' Day, Tuesday, July 1—2 to 4 P. M., Col. J. M. Schoonmaker, presiding.

Opening prayer by Rev. George Edwards Lovejoy, chaplain-in-chief, G. A. R.

Address by Hon. Lindley Garrison, Secretary of War.

Address of welcome by Gov. John K. Tener, of Pennsylvania.

Address by Hon. Alfred B. Beers commander-in-chief G. A. R.

Address by Gen. Bennett H. Young, commander-in-chief United Confederate Veterans.

Closing prayer by Rev. H. M. Hamill, chaplain general U. C. V.

Military Day, Wednesday, July 2—2 to 4 P. M., Col. Andrew Cowan, Louisville, Ky., presiding.

Address by Maj. Gen. John R. Brooke, of Pennsylvania (representative of Northern forces in the battle.)

Address by Sergt. John C. Scarborough, of North Carolina (representative of Southern forces in battle.)

Reading of Lincoln's Gettysburg cemetery dedication speech by Barry Bulkley.

Governor's Day, Thursday, July 3—2 to 4 P. M., Hon. John K. Tener, Governor of Pennsylvania, presiding.

Address by Gov. Tener, of Pennsylvania.

Address by Gov. James B. McCreary, of Kentucky.

Reunion of Philadelphia brigade and Pickett's division at the Bloody Angle.

Fireworks display at 8 P. M.

INTERESTING STATISTICS.

Information Obtained From the Health Department Yesterday.

The vital statistics kept by the health department show that typhoid fever in Wilmington is decreasing each year. The number of cases of fever reported in 1911 was 286, while in 1912 there were only 86 cases, a decrease of 70 per cent. Since January 1st, of this year, there have been reported 31 cases, and up to the same date last year there had been reported 39 cases. During the month of June in 1911 there were 56 cases reported.

A study of the charts kept in the office of the superintendent of health reveals the fact that a majority of the cases are confined to the southern section of the city. It is believed by the health department officials that certain unsanitary conditions existing there are responsible for the fever, and the officers of the department are using every facility at their command for the proper instruction of the people in regard to proper sanitary surroundings.

Dr. Charles T. Nesbitt, county superintendent of health, yesterday speaking of the foregoing figures, said:

"All physicians are required by law to report all cases of fever within 24 hours after the diagnosis is made. The health inspectors of the city are also required to make inquiry for all cases of fever when they make their regular official rounds. As soon as a report from an inspector is turned in an immediate investigation is made through the physician in attendance upon the case.

"Since January of this year there have been reported 31 cases of fever. To the same date last year there had been reported 39 cases. We have no reason to believe that the physicians of the city are concealing any cases as they have been asked repeatedly to make reports the same day that the diagnosis is made. The death rate in Wilmington from fever for the year 1912, according to the United States Mortality Statistics, was less than for any preceding year since 1900. The government records do not go back beyond the year 1900, and consequently we have no way of determining the mortality from fever prior to that year."

Attend Bible Study Convention

Rev. G. T. Adams, pastor of Fifth Street Methodist church, leaves this morning for Waynesville, where he will attend the sessions of the Bible Study Convention of the Methodist Assembly at the new Chautauqua grounds there. His pulpit Sunday, both morning and evening, will be filled by Rev. W. M. Craig, assistant pastor of the First Baptist church.

SIXTH ANNUAL CONVENTION

Pi Kappa Phi Fraternity Meets at Seashore Hotel, Wrightsville Beach, July 9th for Three Days —Their Plans

Plans are making by the local committee in charge for the sixth annual convention of the Pi Kappa Phi fraternity which will be held at the Seashore Hotel, Wrightsville Beach, Wednesday, Thursday and Friday, July 9th, 10th and 11th, and will bring to the resort representative young men from practically every Southern and Western State. The fraternity held its annual meeting at the beach last year, when the resort was selected as the permanent meeting place with but a single break, 1915, when the convention will be held in San Francisco, during the exposition.

Messrs. W. M. Shaw, Jr., and Mack Sellers compose the local committee and this is assurance that nothing will be overlooked that would add to the enjoyment and comfort of the visitors. The "boys" had a splendid time at the resort last year and all are looking forward with happy anticipation to the gathering in July. Most all of the 20-odd who were present last year expect to return this year and bring with them at least one additional member of the fraternity. It is confidently expected that there will be about 75 young men in attendance this year and they will come from as far West as California, which State was represented last year by two delegates.

Mr. J. Harry Mixon, of Charleston, S. C., is president, and Mr. J. D. Carroll, of Columbia, S. C., is secretary. Two more clever young men to occupy the principal offices of the association would indeed be hard to find.

The local committee is arranging for a number of sailing and fishing parties in honor of the visiting young men. Among the features of the gathering will be a banquet on the closing night of the convention. The Tidewater Power Company will be asked to give a souvenir dance, the date to be decided on later. There will be a number of other social affairs. Two business sessions will be held each day, morning and afternoon, and the evenings will be left open for social engagements.

INTERESTING CONTEST

Prizes Awarded by Holmes & Atkinson, Quality Grocers

One of the most unique and interesting contests held in Wilmington in some time was decided yesterday afternoon at the store of Messrs. Holmes & Atkinson, "The Quality Grocers." The manufacturers of "Cottolene" conducted the contest under the direction of Mr. H. P. Farrar, as a medium of gaining a wider acquaintance among the famed pastry cooks in Wilmington. The number of beautiful specimens of the cakemaker's art demonstrated the sterling quality of the shortening. A demonstration of Armour's Pure Grape Juice was held in connection, presided over by Mr. Greene Fenley, who dispensed glasses of that delightful beverage with a liberal hand, with Minerva fruit cake, a product of the National Biscuit Co.

Despite the hot weather a large crowd was present who viewed possibly the most delectable array of home-made cakes ever assembled in Wilmington. The judges were Mrs. H. B. Conley, Mrs. W. B. Cooper and Mr. C. W. Budden, local manager of the National Biscuit Co. They were unanimous in awarding the first special prize for lady using Michigan "Best Patent" flour and cottolene, to Miss Lena Beery, whose beautiful cake attracted a great deal of attention. The second prize was awarded to Miss Anna Bagley. For the use of any flour and cottolene, first prize was captured by Mrs. W. B. Schuler; second, by Mrs. W. B. McKoy; third, Mrs. A. O. McEachern, and fourth, Mrs. J. C. Shannon. All prizes will be delivered to the winners on Monday. Among the prizes were Casserole dish by G. W. Huggins; Huyler's chocolates by Warren Candy Co., and assorted box of toilet articles by J. Hicks Bunting Drug Co.

MR. C. B. RYAN HERE.

General Passenger Agent of Seaboard Air Line at Wrightsville.

Among the visitors to Wrightsville Beach during the Shriners' convention is Mr. C. B. Ryan, general passenger agent of the Seaboard Air Line, and who has done much through his department to make Wrightsville Beach the most popular resort on the Atlantic coast for patrons of the Seaboard. He was accompanied by Mr. H. S. Leard, of Raleigh, division passenger agent of the Seaboard, and both he and Mr. Ryan were guests yesterday of Mr. F. A. Fetter, commercial agent of the Seaboard, for an automobile ride over some of New Hanover county's splendid highways. Other members of the party included Mr. A. W. Fetter, of Greensboro, and Mr. Leake Carraway, secretary of the Greater Charlotte Club, both of whom were delighted to "Watch Winsome Wilmington Grow."

Whale Found on Beach.

For some reason or other a monster whale a few days ago crawled up on the beach at Myrtle Grove Sound, near John's Creek, and died. Later the dead whale was found by Mr. R. F. Beasley, of Masonboro Sound, who got the skeleton for souvenirs. The immense bones of the whale were viewed by great crowds of people who came from far and near to see the strange sight. Its estimated length was 75 feet.

CHALLENGE FROM J. HICKS BUNTING DRUG CO.

Offers to Refund Money if Dr. Howard's Specific Will Not Cure Any Case of Constipation or Dyspepsia.

The J. Hicks Bunting Drug Co., is seeking the worst case of dyspepsia or constipation in Wilmington or vicinity to test Dr. Howard's new specific for the cure of those diseases.

So confident are they that this remarkable medicine will effect a lasting cure in a short time, that they offer to refund the money should it not be successful.

In order to secure the quickest possible introduction, J. Hicks Bunting Drug Co. will sell a regular fifty cent package of this medicine at half price, 25 cents.

This specific of Dr. Howard's will cure sick headache, dizzy feelings, constipation, dyspepsia and all forms of malaria and liver trouble. It does not simply give relief for a time; it makes permanent and complete cures.

It will regulate the bowels, tone up the whole intestinal tract, give you an appetite, make food taste good and digest well and increase vigor. Joy and happiness will take the place of that "don't care whether I live or die" feeling.

THE RECORDER'S COURT

Judgment Held Open in Mills Case—Other Cases Disposed Of

Son Mills, colored, was before the Recorder yesterday charged with the larceny of $12.50 from Frank Bessant, also colored. The evidence against Mills was rather conflicting and judgment was held open until today. A week ago last Sunday Mills and another negro visited the home of Bessant, who runs a boarding house, and after they left the money was missed. In order to determine its whereabouts a fortune teller was consulted. She stated that it had been stolen by a light-skinned negro.

As Mills fitted the description Bessant had a warrant sworn out charging him with taking the money. He was arrested and it seems that later he made some intimation that he had taken the money. It was also stated that Bessant had made some investigation, and had found that Mills had spent just about $12.50 during the time that had elapsed between the loss of the money and last Monday when the arrest was made.

The case created considerable interest on account of the novelty of the way in which the evidence was worked up against Mills. It is not often that a fortune teller figures in a case in court, and especially to convict a man of some crime.

The one case disposed of finally yesterday was that of John Lucas, colored, who was charged with assault and battery. According to the evidence he only used his bare fists, and on account of his youthfulness he was let off with the payment of the costs in the case. The case of Valla McLaughlin, colored, charged with the abduction of a 14-year-old colored girl, was continued until today in order to get necessary witnesses.

The judgment in the case of T. A. Byrd, who on Thursday was sentenced to serve 30 days on the roads for vagrancy, was re-opened, and the case was dismissed, it being shown that Byrd has employment as operator of the moving picture machine at the Airdome.

CIGARETTE SMOKING.

Police Will Enforce the Law, Following Instructions From Chief.

Chief of Police Williams yesterday issued instructions to his men to rigidly enforce the law relative to the sale of cigarettes to minors. Recently The Star called attention in the local columns to the law regarding the sale of cigarettes to minors and to the fact that this law had been strengthened by the last Legislature.

The amendment to the law enacted at the recent Legislature makes it the duty of every police office "upon knowledge or information that any minor under the age of 17 years is or has been smoking any cigarette to inquire of such minor the name of the person or persons who gave or sold such cigarette or aided or abetted such person or persons in giving or selling such cigarettes or the substance from which such cigarette was made, to such minor as forbidden by law. Upon receiving such information from any such minor the officer is required forthwith to cause a warrant to be issued for any person or persons giving or selling or aiding or abetting any person or persons in giving or selling any cigarette or substance out of which such cigarette is made and have all such persons dealt with as the law directs."

The statute gives to the police the authority to take into custody boys under 17 years of age seen smoking cigarettes. If the boys should refuse to give information as to who sold or gave them the cigarettes or "the makings" they are liable to indictment.

Complaint has been made to the chief of police of the large number of boys in Wilmington who are addicted to the cigarettes habit and he is determined that the police shall do their part in putting the "coffin tacks" under the ban.

REPORT OF AUDITORS.

Conference Over the Matter Held at City Hall Yesterday.

In the office of the city clerk and treasurer yesterday afternoon a conference was held between the special auditors, Mr. J. B. McCabe, of the Carolina Audit & Adjustment Company, of Wilmington, and Mr. Scott, of Charlotte, and Mayor Parker Quince Moore, Councilman Chadwick, in charge of the Department of Finance and Accounts, and Capt. Thos. D. Meares, city clerk and treasurer. It is understood that the report that has been drafted, and probably actually submitted to the Councilman in charge of the Finance and Accounts, was the subject of consideration at the conference. From what could be learned, the discussion was with regard to certain changes that the auditors recommended in the accounting department of the city government.

It was announced last Tuesday afternoon that the report had been completed and would be submitted to the Council in regular session on Wednesday. When Council met nothing was said about the report. Inquiry at the City Hall that day and again on Thursday developed the information that nothing was known there as to why the report was not ready for the consideration of the Council, following the statement that it had been prepared. So far as known the conference yesterday was the first that had been held to discuss the report. It is presumed that the report as drafted will be given to the public in a few days.

SUIT AGAINST JUNIORS

Widow of Late Rev. K. D. Holmes, of Sanford, Brings Action

An order has been received here from the Clerk of Superior Court of Lee county in a case instituted in that county by Mrs. Ida Holmes, widow of the late Rev. K. D. Holmes, well known here, against the National Council, Junior Order United American Mechanics of the United States, directing "that A. F. Sellers, Councillor; C. H. Huband, recording secretary, and H. W. Howell, financial secretary of George Washington Council No. 67, of Wilmington, appear before the Clerk of Superior Court of New Hanover county this morning at 10 o'clock with such records, papers, books of account and minutes of said Council bearing upon or relating to a certain policy of insurance issued to Rev. K. D. Holmes, and then and there to allow plaintiff to inspect and make copies of the same." This information is desired, no doubt, to be used in the trial of the case against the defendant order.

May Contest New Law.

The recent Legislature provided for a State tax of $500 on all automobile manufacturers who do business in North Carolina and it is reported that some of these may contest the law. The tax is due July 1st. Where the full amount of the tax is paid, the State, upon payment of a small fee, will issue a duplicate license for the sale of cars in any county in the State. The last Legislature also changed the license fee for owners so that now instead of paying a registration fee of $5 and $1 annually thereafter, they pay from $5 to $10 a year, graduated on the horse-power of the car.

When the Wire Fails.

There was a large, impatient and disappointed crowd of fans in and around The Star office last night, waiting for returns from the American League baseball games, which the Associated Press wire refused to bring to town. There was a big storm abroad and the wires wouldn't work. "Wire trouble" they call it, but it is more than just that. It is all kinds of trouble.

Skipper Roberts, the new catcher of the Cardinals, is said to be an exact replica of Frank Roth, who was with the team many Summers back.

Burgaw, N. C., June 27.—The marriage of Mr. Rodney Turner and Miss Mattie Paddison was solemnized in the Presbyterian church at 6:30 P. M. yesterday. The church was decorated for the event with ferns and white roses, which were banked behind the altar and the light from white tapers made an effective background. An arch of Bride roses and smilax, from which a wedding bell was suspended, was arranged just above the altar. At the appointed time, Mrs. H. B. Thomas sang Schubert's Serenade, and the minister, Rev. P. L. Clark, took his place, and then to the strains of the Wedding March the bridal party entered. Master Alfred Paddison and little Miss Maude Paddison Overstreet, arm and arm, led the way, Master Paddison carrying the ring in a large white rose. The bridesmaids followed, gowned in white crepe meteor caught with pink roses entraine and wearing corsage bouquets of Killarney roses. They were Miss Lina Ivey, of Lenoir, with Mr. Roy Steele, of Turnersburg; Miss Annie Barnes, of Reidsville, with Mr. John Overstreet, of Meridan, Miss., and Miss Geneva Moore with Mr. Rupert Turner, of Monbo. After them came the dames of honor, Mesdames Cook and Overstreet, gowned in white charmeuse and carrying a shower bouquet of Killarney roses. Preceding the bride, little Eleanor Cook and Elizabeth Stuart came with baskets of sweet peas, which they scattered in the path of the bride. The groom entered with his best man, Mr. E. G. Gaither, of Statesville, and met the bride at the altar, she having entered on the arm of her father. She wore an exquisite gown of charmeuse with pearl ornaments and a brooch of diamonds, the gift of the groom. Her wedding veil was caught with orange blossoms and she carried a shower bouquet of valley lillies and Bride roses. Miss Lorena Bland presided at the organ. Immediately after the ceremony the couple left for Washington and will visit Niagara Falls and other points. They will be at home at Monbo Heights, Monbo, N. C., on their return.

LOCAL DOTS.

—Dr. J. H. Dreher and L. Clayton Grant, Esq., tied for high place at the weekly shoot of the Wilmington Gun Club yesterday afternoon, breaking 47 clay pigeons out of a possible 50. Miller came next, with a score of 43.

—Complaint has been filed in Superior Court in a case of V. Sidbury against the Atlantic Coast Line, an action for $600 alleged damages caused to about 400 acres of his land up the Newbern road when fire swept over it in December, 1912. It is alleged that the fire started from a spark from a locomotive of the defendant company. K. C. Sidbury, Esq., is attorney for the plaintiff.

PERSONAL PARAGRAPHS.

—Mr. E. Garland Brown, of Whiteville, was a business visitor in the city yesterday.

—Mr. J. R. Wofford, of the Southern Express Co., was a guest at The Orton yesterday.

—Rev. Nathan Wright, of Jacksonville, returned to his home yesterday from a short stay in the city on business.

—Mr. Carl B. Rehder, who has been ill for several weeks, is improving, being able to sit up some. His many friends will be glad to learn that he hopes to be out again soon.

—Mr. K. R. Hoyle, of the firm of Hoyle & Hoyle, prominent attorneys of Sanford, N. C., was among the visiting Shriners at the beach this week. He expects to remain over today on professional business.

—Mr. Edward F. Gallagher, an expert outdoor photographer, who has been living in Charlotte for several years, has decided to locate in Wilmington, to which place he will move his family early in the Fall. He has already started work here, having taken several photographs of the Arab Patrol procession Thursday and of the boats on the river yesterday morning.

—Arrivals at The Southern yesterday included W. L. Collins, C. H. Little, Mullins, S. C.; L. M. Coston, Folkston; C. C. Hines, Holly Ridge; W. T. Norris, Autryville; G. T. Morgan, Councils; F. M. Becker, Newbern; D. Y. Rivenbark, Clio, S. C.; R. S. White, Elizabethtown; E. G. Brown, Whiteville; Mrs. E. G. Mercer, Bolivia; T. A. Marshall, Charlotte; John Kennedy, Burgaw; L. S. Smith, Mullins.

Wrightsville Beach

Among the arrivals at the Hanover Inn yesterday were J. P. Brown and H. V. Brown, Fairmont; Mrs. O. R. Comer, Belhaven; Mr. and Mrs. Frank S. Reid, Atlanta, Ga.; G. G. Turner, Sumter, S. C.

Mr. H. S. Leard, traviing passenger agent of the Seaboard Air Line, with headquarters in Raleigh, was a guest at the Oceanic Hotel yesterday, being down on business with the Summer travel to the beach.

The following are among the arrivals from Newbern yesterday, guests at The Oceanic: Dr. and Mrs. J. F. Ihem, Mrs. J. M. Spencer, Miss Eula Cole, W. T. Hill, J. D. Williams, Miss Jeanette Hill, Miss Ethel Piner, Newbern.

Mr. C. S. Morse and bride, formerly Miss Ray Sneed, who were married in Woodbury, Ga., where Miss Sneed was visiting a few days ago, have arrived at the beach to spend a few days, after which they will return to Wilmington, where they will reside.

Yesterday's Charlotte Observer: "Miss Bessie Durham, accompanied by her cousin, Miss Lelia Durham, left yesterday for Wrightsville Beach, where they will spend several weeks at the Seashore Hotel. They will be chaperoned by Mrs. Charles M. Carson, of this city."

Yesterday afternoon's Fayetteville Observer: "Mr. R. McMillan and his daughter, Miss Margaret, have gone to Wrightsville Beach.——Miss Nina Andrews, of Wilmington, is visiting Miss Josie Alexander, on Rowan street.——Mr. and Mrs. D. S. MacRae and son Rozier, have returned from a visit to Wrightsville Beach."

Yesterday's Atlanta Journal: "Mr. and Mrs. George D. Kelly and children, and Mrs. L. A. Patterson, of Birmingham, will arrive Tuesday to join Mr. and Mrs. W. E. Austin, and will leave in the evening for a stay of some length at Wrightsville Beach. Mr. and Mrs. Henry Williams and children will poin them at Wrightsville later in the week."

The floating wharf to be used in the sound at Lumina has arrived and will be ready for service in a few days. Since a place for the landing has been provided at Lumina, the suggestion has been made that a boat line be operated at night from the beach hotels to Lumina and it has been very favorably received. It is quite likely that the suggestion will be adopted and it is believed that the novelty of a boat trip from the hotels to Lumina for the dances and concerts would prove very popular with beach visitors.

Arrivals yesterday at the Seashore included Mr. and Mrs. E. W. Gillam, Gastonia; Mr. and Mrs. W. E. Rouse, Montgomery, Ala.; Miss Annie Barnes, Reidsville; Miss Lena Ivey, Burgaw; E. G. Gaither, Statesville; R. S. Turner, Monbo; L. C. Steele, Turnersburg; Mr. and Mrs. E. R. McIntire, Lumberton; C. Trenholm McClenagan, Raleigh; Mr. and Mrs. David Crockett, Atlanta, Ga.; Miss M. Mitchell, Atlanta, Ga.; Mr. and Mrs. H. H. Elder, Athens, Ga.; Mrs. W. C. Midgett and Miss Lucile Midgett, Southern Pines; Mr. and Mrs. H. Fisher, Atlanta, Ga.; H. B. Phillips, Suffolk, Va.; J. R. Holloday, Atlanta, Ga.; M. H. Hays, Cincinnati, Ohio.

Among the arrivals at The Oceanic yesterday were: C. P. Ambler, Asheville; Mr. and Mrs. J. D. Grandy, Charlotte; Miss Roberson, Liberty; C. P. Suggs, H. B. Gresson, Ike Seligson, Raleigh; T. L. NOTICE OF SALE.

Pursuant to an order of the Superior Court for New Hanover County, entered at the May Term, 1913, in a case therein pending, wherein Theodore M. Byers, et al, are plaintiffs, and the Scott's Hill Land & Lumber Company is defendant, the undersigned commissioners will, on the 16th day of July, 1913, at 12 o'clock M. at the place of business of the Scott's Hill Land & Lumber Company, Scott's Hill, N. C., sell at public auction, to the highest bidder, for cash, all the following real and personal property, belonging to the said Scott's Hill Land & Lumber Company, and situate in Pender and New Hanover Counties, to-wit:

REAL PROPERTY.

FIRST TRACT: Beginning at a cypress in Old House Branch, and running thence South 2 deg. East, 12 poles, to a stake; thence South 88¼ deg. West, 61 poles, to stake; thence South 237 poles to a lightwood stump; thence North 80 deg. West, 143 poles, to a pine; thence North 357 poles, to a spruce pine, at the run of Old House Branch; thence with the meanders of said branch, to the beginning; containing, by estimation, 300 acres, same being on the North side of the railroad, about two miles from the Scott's Hill Depot.

SECOND TRACT: Beginning at the Southeast corner of the church lot of the M. E. Church, South, at Scott's Hill, in the center of the side track of the Wilmington & Newbern Railroad, and running thence with the course of the side track in a Northeast direction, 172 feet to a stake, 7 feet at right angles from the center of said side track to the West side of the same, and running thence North 50 deg. West, 823 feet, to a stake in a fence line; thence South 33 deg. 15 min. West, 435 feet, to a sycamore tree in the edge of an old grave yard; thence South 68 deg. 45 min. East, 371 feet, to a stake in the Western corner of the Methodist Church lot; thence North 35 deg. 30 min. East, 242 feet, to a stake in the Northern corner of the Methodist Church lot; thence South 53 deg. 15 min. East, 447 feet, to the point of beginning; containing 4.9 acres; and being the tract of land upon which the mill and plant of the Scott's Hill Land & Lumber Company is located.

THIRD TRACT: All the standing timber measuring 12 inches in diameter, 18 inches from the ground, upon the following described tract of land, lying and being in Topsail Township, Pender County, and bounded as follows: On the North by lands of G. W. Huggins; on the East by lands of Jasper Sidbury; on the South and West by lands of W. H. Hill; containing 400 acres, more or less. It is the condition of this deed that the timber shall be removed from the aforementioned land within eight years from the 9th day of March, 1911. The party of the first part hereby conveys to the party of the second part all the rights and privileges of ingress, egress and regress named in the deed from J. T. Foy and wife.

FOURTH TRACT: 1st. Being a certain lot or parcel of land allotted to P. M. Foy in the division of the estate of J. M. Foy, deceased, and described as follows, to-wit: Situated on the East side of Island Creek and South side of Wanny's Branch, beginning at a sweet gum tree on the spot where formerly stood a stooping chinquepin; running thence North 85 East 77 poles, to a stake; thence South 36 poles, to a stake, Henry S. Foy's Northwest corner; thence East with said H. S. Foy's line, 276 poles, to a stake; thence North 58 East, 120 poles, to a gum tree on the run of Wanny's Branch; thence with the run of said branch, along the various courses thereof, about 286 poles, to a maple, the corner of the Sholar tract; thence with the Sholar line, South 44 West, 332 poles, to the beginning; containing by estimation, 337½ acres, more or less.

2nd. Situated on the East side of Island Creek, and on the North side of Wanny's Branch, beginning at a stake, Henry S. Foy's Northwest corner, referred to in the above tract; running thence South 304 poles to a maple on the North side of Mosquito Branch; thence North 14 deg. East, 84 poles, to a stake; thence East, 134 poles, to a pine; thence with the courses of the bay, first North 63 poles; thence North 82 deg. 50 poles; thence North 50 deg. East 120 poles, to a pine in the line of the Futch tract; thence with said Futch line, North 33 deg. West, 88 poles, to the corner of the Futch tract; and thence West 272 poles to the beginning; containing 322 acres, more or less.

3rd. Adjoining the above two tracts and lying on both sides of Wanny's Branch beginning at a stake at the edge of a bay, adjoining R. K. Bryan's land, being the beginning corner of the Futch tract, near Richard Earle's plantation; running thence North 33 deg. West 204 poles to a pine stump in Jeremiah Casteen's field; thence South 58 deg. West, 180 poles, across Wanny's Branch to a stake, corner of the two above described tracts; thence South 33 deg. East, along a line of the second tract described above, 100 poles, to a stake in the edge of a bay; thence South 18 deg. West, 60 poles, to a pine; thence South 58 deg. East, 60 poles, to a stake; thence North 58 deg. East, 263 poles, to R. K. Bryan's line, to the beginning; containing 225½ acres, more or less.

Excepting from the last mentioned tract, a certain parcel of land conveyed by J. W. Foy to Oscar P. Batton, by deed dated January ——, 1887, and recorded in New Hanover County, in Book Q, page 352, provided the said Batton has legal title thereto, but the said party of this deed conveys all interest he has in said exception, which purports to contain 22 acres.

4th. The following land in New Hanover County, North Carolina, adjoining the lands of the Nixon heirs and others, bounded and described as follows, to-wit: In Harnett Township, situated on Mosquito Island, beginning at a pine near the head of Island Creek, and running down said creek to a stone, N. M. Nixon's corner; thence with his line East 154 poles to a stake, his corner at Mosquito Branch; thence up said branch as it meanders to a pine at Briery Glade; thence the various courses of said glade to Cross Branch; thence down the run of said branch, its various courses, to the first station; containing 350 acres, more or less.

The last four tracts lying in New Hanover and Pender Counties, and conveyed by George M. Wiley to W. H. Hill, as Recorded in Book 53, page 430, Records of New Hanover County, and in Book 54, page 579, Records of Pender County, and sold by W. H. Hill to said Scott's Hill Land & Lumber Company.

FIFTH TRACT: 1st. Situated in Topsail Township, adjoining the lands of the Brown heirs, beginning at a spruce pine on the North side of Trumpeter Swamp, near the mouth of Maul's Branch, and running thence North 20 deg. COTTON UNSETTLED & LOWER

Opening Steady at Unchanged Prices to a Decline of Three Points—The Close Steady at Net Decline

New York, June 27.—The cotton market was unsettled and lower today under near month liquidation and caused circulation of July notices and scattered selling of new crop months based on favorable crop or weather advices. The close was steady, at a net decline of 9 to 13 points on the old crop, and of 1 to 5 points on new crop months.

The market opened steady at unchanged prices to a decline of three points. The July notices were estimated at 15,000 bales, and it was anticipated that they would be stopped with reasonable promptness, but their circulation through the street brought out quite a lot of scattering liquidation.

Prices gradually worked lower under this pressure and during the afternoon July contracts sold about three points under August contracts. Some of the people who were selling July seemed to be buying August, which helped to bring about the premium on that position, and there also appeared to be some buying of the new crop months by people who were liquidating old crop positions.

Predictions for showery or cloudy weather in the belt, and reiterated reports that the storm in the Gulf might cause beneficial rains in Texas, inspired scattered offerings of new crop deliveries, however, and those positions sold about 5 to 7 points net lower in sympathy with the old crop break.

Closing prices were a shade up from the lowest on covering.

It was rumored that houses with Liverpool connections had stopped a good part of the July notices, but reports from ocean freight circles claimed that so far there was little fresh demand for room for July shipment from New York. Week-end figures were considered rather bullish and were a sustaining factor in the late trading.

Spot cotton closed quiet. Middling uplands, 12.30; middling gulf, 12.55; sales, 1,200 bales.

THE WEEKLY COTTON REVIEW

Market Conditions Have Been Nervous and Unsettled During the Past Week—Sharp Break in Old Crop Months.

New York, June 27.—The cotton market has been nervous and unsettled during the past week, with prices easing off under more or less general realizing. Old crop months broke rather sharply today, owing to the circulation of July notices, estimated at about 15,000 bales, but new crop deliveries have shown a certain steadiness of undertone, owing to continued covering and reports of trade buying on comparatively moderate dips.

The steady old crop situation and the continued activity of mill consumption, seem to have strengthened convictions that a full cotton crop will be needed next year, and while there has been a tendency in the trade to take a favorable view of prevailing weather conditions, it is considered too early in the season for any feeling of certainty as to the actual yield.

The government's crop report to be issued at noon on July 3 will give both the acreage and condition as of June 25. Private reports so far issued have been somewhat conflicting, but most of the advices received have indicated some improvement in the outlook and the local trade is talking an official condition figure of around 81 or 82 per cent. compared with 79.1 per cent. last month, and 80.4 per cent. last year. This would suggest a fair improvement for the month of June, but with the most critical months still ahead there appear to have been few traders disposed to base aggressive bear operations on the new crop outlook. The houses with Liverpool and continental connections, which were such heavy buyers in the local market last month, have been selling steadily here again during the week, but it is rumored that part of the July notices were taken up by international houses and the small local stock has doubtless been a factor in restricting sales for short account.

HESTER'S COTTON STATEMENT

Weekly Review of Exchange Shows Decrease in Totals

New Orleans, June 27.—Secretary Hester's weekly New Orleans cotton exchange statement issued today, shows for the 27 days of June a decrease in the totals under last year of 25,000 and an increase over the same period year before last of 8,000.

For the 300 days of the season that have elapsed the aggregate is behind the 300 days of last year 2,184,000. The amount brought into sight during the past week has been 25,058 bales, against 32,112 for the seven days ending this date last year and for the 27 days of June it has been 130,970, against 156,145 last year.

The movement since September 1st to date shows receipts at all United States ports 9,691,512, against 11,865,-210 last year. Overland across the Mississippi, Ohio and Potomac rivers to Northern mills and Canada 9,540,-604, against 1,236,186 last year, interior stocks in excess of those held at the close of the commercial year 126,823, against 73,676 last year; Southern mills' takings 2,601,000, against 2,283,142.

The total movement for the 300 days of the season from September 1st to date 13,373,939, against 15,558,225 last year.

Foreign exports for the week have been 39,839, against 24,458 last year. The total takings of American mills, North, South and Canada, thus far for the season have been 4,968,077, against 5,104,052 last year.

Stocks at the seaboard, and the 29 leading Southern interior centers have decreased during the week 33,211, against a decrease under the corresponding period last season of 37,394 and are now 43,042 smaller than at this date in 1912.

Including stocks left over at ports and interior towns from the last crop and the number of bales brought into sight thus far from the new crop, the supply to date is 13,738,652, against 15,845,199 for the same period last year.

NEW ORLEANS COTTON MARKET

New Orleans, June 27.—The cotton market was quet today but it maintained a good undertone. Bears continued to hold back and offered little short cotton and a moderate demand served to hold prices up.

The market opened quiet two points down to four points up compared with the last quotations of yesterday. Cables were better than due but much uncertainty was felt over July notices in New York and rumors that they amounted to from 10,000 to 20,000 bales caused July to sell slightly under yesterday's closing level. The report that spot houses were stopping notices caused a recovery and put the last four to five points up net. Toward the middle of the morning the forecast of unsettled and showery weather in the Western belt and in the southern portions of Alabama and Mississippi caused some selling and the trading months went three points under yesterday's last quotations. In the afternoon the market was dull but very steady. The close was four to six points over yesterday's final figures, a level within a point or two of the highest of the day.

THE CHICAGO GRAIN MARKET.

Prices Take Upward Whirl—Nervous Close. Provisions Decline.

Chicago, June 27.—Official statements that excessive dryness had set back Kansas wheat as much as 26 per cent. in the last month put the market today in an upward whirl. There was a nervous close at an advance of ¼ to ⅝@¾c. net.

Corn showed a gain of 1¼ to 1⅜c. over last night, and oats a rise of 1¼ to 1⅜.

Provisions finished unchanged to 12½ cents decline.

TRADING IN STOCKS IS NARROW

Volume of Business Falls Off to Slight Proportions of Dull Period Preceding the Recent Severe Break

New York, June 27.—There were few occurrences during the progress of today's trading to distinguish the stock market from the narrow and professional affairs of the last few days. Stocks rose at the opening in a half-hearted way in response to high prices in London, and then slowly fell back. The volume of business fell off to the slight proportions of the dull period preceding the recent severe break.

Room traders had the market to themselves most of the day. Outside buying is held in check by the difficulty in obtaining funds except for short dates.

The distinguishing feature of the day's movement was the weakness of New York Central, which sold off 1½ to 95½, the lowest since 1908. Unconfirmed reports from Mexico City of a receivership for National Railways of Mexico caused a drop of 7 points in the first preferred and 3 in the second. Rumely, common and preferred, and both Southern Railway issues, also were heavy.

Known movements of currency during the week indicated that the banks had continued to pile up cash. A gain in cash for the week of $8,000,000 or more was predicted. Bonds were depressed, with some sharp declines in prominent issues. Total sales, par value, $1,110,000. U. S. 2s, registered, declined ¼ on call. Total sales were 134,000 shares, including American Tobacco, 100; C. and O., 2,900; L. V., ex. div., 5,400; N. and W., 200; S. A. L., pfd., 100; Southern Railway, 3,700; do. pfd., 400; Texas Copper, 100; V.-C. C., 700.

BRADSTREETS'S REVIEW

Business Holding Up Well Despite Unfavorable Conditions

New York, June 27.—Bradstreet's tomorrow will say:

Business holds up remarkably well notwithstanding that the mid-Summer season for inventoring is approaching. Crop returns as a whole are favorable, especially as regards Winter wheat, cotton and corn; consumption of merchandise is heavy, stocks are light, business on current account is larger than seasonably normal, and trade in pig iron has improved.

In the surplus grain-producing sections the illuminating fact is that marchants, undeterred by tariff matters, are going ahead with their Fall purchases, retail trade has been given a fillip by seasonable weather plus clearance sales, and moreover, it appears to be easier to get money on commercial paper.

Thus, the week's developments spell somewhat more optimism, especially as appertains to affairs in the Northwest, Southwest and West, in which sections current trade is satisfactory or better, while there is a noteworthy disposition to cover future requirements.

Business failures for the week ending June 26th, were 260, which compares with 239 in the like week of 1912.

Wheat, including flour, exports from the United States and Canada for the week ending June 26th, aggregate 4,-201,859 bushels, against 3,187,531 bushels this week last year.

THE FINANCIAL MARKET.

VISIBLE SUPPLY OF COTTON.

New Orleans, June 27.—Secretary Hester's statement of the world's visible supply of cotton issued today shows the total visible to be 3,478,011 against 3,663,086 last week and 3,425,-717 last year. Of this the total of American cotton is 2,060,011 against 2,198,086 last week and 2,359,717 last year and of all other kinds, including Egypt, Brazil, India, etc., 1,418,000 against 1,465,000 last week and 1,066,-000 last year.

Of the world's visible supply of cotton there is now afloat and held in Great Britain and continental Europe 1,985,000 against 2,196,000 last year; in Egypt 127,000 against 96,000 last year; in India 892,000 against 629,000 last year; and in the United States 474,000 against 505,000 last year.

THE COTTON GOODS MARKET.

New York, June 27.—The primary cotton goods market was generally quiet and steady. The only feature of interest was the steady demand for small quantities of staple goods for prompt delivery. Jobbers sent in a good many duplicates on all worsteds and cotton warp serges for July and August delivery. Mills are so well sold ahead on the goods wanted that a large proportion of this business had to be declined.

THE NAVAL STORES MARKET.

The Affair Last Night.

After a strenuous day's work traversing the hot sands the caravan last night gathered around the Mystic Oasis to refresh themselves. Around this oasis where the refreshing camel's milk was served was an immense crescent shaped table affair on which was placed such food as the weary traveler of the desert likes best for relief from hunger. There were choice viands of many kinds from corn bread up to chow-chow. Those who were permitted to enter found rest for their weary bodies and surcease from the tiresome burdens of the mind.

The path that led to the enchanted spot was indeed winding and crooked, and only the fertile mind of Joe Leitner could ever have conceived such a devious path. Its construction was entrusted to Manager Longley who did the job so well that no one could have reason to complain. C. L. Meister stood guard at the entrance, directing the pilgrims to keep to the right as is the rule of the road. Those who followed his advice soon found themselves against a ten-foot fence and had to turn back and try again. After many windings and turnings perchance they might find the way to the oasis.

Four young women essayed to make the trip across the hot sands, and were soon lost in the mysterious road, and when they cried for help and it came not they turned their steps back to the hotel, loud in their indignation, and declaring that they didn't want to go anyway.

Little Jim Bear with a smile on his face that hadn't been there before in four years, was there distributing souvenirs of the occasion, while Charlie Harper acted as master of ceremonies.

Capt. Jim Walker, of Charlotte, can put the Arab Patrol through many fancy drills, but he couldn't guide them right last night, and had to call for the assistance of one who had already traveled the mystic maze. Noble Rob Reinhardt got lost on the way, and thereby lost a subscription to the widows' fund. "Bill" Morris, of Gastonia, can run a jewelry store, and keep the records of a jewelers' convention, but his legs were too short for him to get through, and he had to give it up.

Noble McDaniels, of Charlotte, wasn't satisfied with the number of souvenirs that he could carry in his hands and had a dozen or so tied to his belt.

The Shriners as a whole desire to thank the Tidewater Power Company for the use of Lumina pavilion for the ceremonial procession. Illustrious Potentate O. W. Spencer and the other officers declared that it was the best place for carrying out the work of the order that they had ever seen. For the royal treatment of all who helped to make the occasion so enjoyable and pleasant the Shriners extend sincere thanks.

The next meeting of the Shriners will be held in Charlotte the latter part of December. The same officers hold over to that time as the Shriners only elect officers once a year, although they meet twice a year. The Summer meeting is entirely for the purpose of initiating candidates into the mysteries of the order.

During their stay at the beach they have helped to make everything most pleasant, and have lived up fully to their motto as the apostles of good cheer. Wilmington will be glad to have them some again whenever the Illustrious Potentate shall see fit to have them come.

Praise for the Oceanic.

The Shriners are loud in their praise of the Oceanic Hotel and the many courtesies shown them by Mr. Chas. E. Hooper, the popular manager, who is a Shriner himself. He simply turned the hotel over to the visitors, is the way one of them expressed it. High praise was accorded the hotel particularly for the fare and service in the dining room. One of the enthusiastic local Shriners called up The Star office from the Oceanic Hotel last night to ask that something be said of the splendid accommodations of the hotel and the personal efforts of the manager in the entertainment of the visitors.

DORTCH FOR COLLECTOR

And Winston Suggested as Winner of District Attorney Job

(Special Star Correspondence.)

Raleigh, N. C., June 27.—Observant politicians who assert that they have thoroughly sounded the situation at Washington, and agreements among contending interests at this end of the line, say Hon. Francis D. Winston, of Windsor, is to have the United States district attorneyship for the Eastern district, and Mr. J. W. Bailey, of Raleigh, is to have the assistant district attorneyship, and the position of collector of internal revenue is to go to W. T. Dorech, of Goldsboro.

Mr. Bailey and Gov. Winston have both been strong candidates for the district attorneyship, but as the story goes here, Governor Winston seems to have first claim on the job, and rather than accept the postmastership at Raleigh, offered him, as not in line with his profession, Mr. Bailey has agreed to take the assistant district attorneyship, which carries a $2,000 salary and takes practically no time from a general law practice, such as Mr. Bailey has.

The candidates for the collectorship are W. T. Dortch and Joe Tayloe, of Washington, and according to the report here, Mr. Tayloe has decided to wait for the position of United States marshal, available within a year, and let Col. Dortch come in for the appointment as collector to succeed Wheeler Martin. This is an appointment that can be made any time now at the will of the President.

BURGAW SOCIAL EVENT.

Charming Pre-Nuptial Reception in Honor of Bridal Party.

Burgaw, N. C., June 27.—On Wednesday evening a most delightful reception was held at the home of Mr. and Mrs. A. H. Paddison, in honor of the Turner-Paddison bridal party. The broad porch and entire lower floor were decorated with a lavish profusion of cut flowers and ferns. Miss Jeannette Moore and Miss Sallie Herring received at the steps and showed the guests to the southern corner of the porch where under the brilliant illumination of Japanese lanterns delicious punch was served by Mesdames C. C. Branch and Wi. O. Singletary. In the reception hall was Mrs. W. B. McNeal, who introduced the guests to the receiving line. In this were Rev. P. L. Clark, pastor of the bride; Mr. Rodney Turner, the groom-elect; Miss Mattie Paddison, bride-to-be; Mr. E. G. Gaither, Mr. Rupert Turner, Miss Geneva Moore, Mr. Roy Steele, Miss Annie Barnes, Mr. Jno. Overstreet, Miss Lina Ivey, Mr. H. L. Cook, Mrs. H. B. Thomas, Mrs. H. Overstreet, Mrs. John S. Bannerman and Miss Lorena Bland. From the hall Mrs. W. D. Groom escorted the guests into the gift room, where they admired the handsome and costly presents which the bride had received, consisting of articles of gold and silver, china, cut glass and other things. From this they were shown in the dining room by Mrs. B. H. Bradford, where in the shaded light of pink candelabra a delightful ice course was served by Mesdames E. T. Pullen and L. F. Johnson.

Among the out-of-town people attending were Mrs. J. C. Stuart and children, of Wilmington; Mrs. Etta Behrends, of Wilmington; Mr. Norwood Paddison, of Memphis; Mrs. H. L. Cook, of High Springs, Fla.; Mr. and Mrs. Joel Pritlow, Point Caswell; Miss Mattie Bloodworth, of Florida; Miss Lila Whitehead, Scotland Neck; Mr. and Mrs. William Perry, Maryland; Miss Parsons, Watha, and scores of guests called during the evening, adding to the pleasure of the event.

GETTYSBURG REUNION PLANS.

Gen. J. S. Carr Gives Information and Programme for Tar Heels.

Raleigh, N. C., June 27.—Gen. Julian S. Carr, of Durham, commander-in-chief of the North Carolina Division, United Confederate Veterans, has arranged information for North Carolina veterans attending the Gettysburg reunion. The railroads have given a rate of one cent a mile, so that no soldier will have to pay more than $15, no matter if he lives in the extremest part of the State. Outside of railroad fare, there will be no expense—everything is free after they reach Gettysburg.

Quarters, meals, mess kits, beds, buckets and lights are among the articles furnished. Baggage must be limited to what can be carried by hand. The camp opens for supper Sunday, the 29th, and closes after breakfast on July 6th. Credentials are absolutely necessary, signed either by the commander of a camp or the Governor. Or his parole will admit him to the camp. Every veteran should have on his person a card bearing his name and address. Gray uniforms will be worn wherever possible, but the original battle flags of both blue and gray are barred. It was thought that the tattered banners could be displayed, but in excess of caution, it has been decided that it is better not to risk possible bitterness by displaying them. All mail should be addressed to veterans in care of North Carolina headquarters.

July 1st will be Veterans' Day; 2nd, Military Day; 3rd, Civic Day, and the 4th will be National Day. National speakers, from the President down, will take part in the exercises.

DEAF MUTES WEDDED.

Singular Marriage Ceremony Performed at Elon College.

(Special Star Telegram.)

Elon College, N. C., June 27.—A most singular marriage ceremony was performed here last evening by Rev. J. W. Patton in the parlors of Dr. J. O. Atkinson's home, when deaf mutes were wedded.

A large number gathered to see how the minister would overcome the difficulties of his task, and he did the thing beautifully. Bride and groom could read, having been educated at Morganton, and of course could talk on their fingers, but the minister could not so talk; so he placed a third person between the two and he held the ceremonial words so they could follow the minister reading, and when it came time for them to say "yes", they bowed.

The happy couple was Mr. Hugh Love Barbour, of Greensboro, and Miss Bertha Rosebud Rich. They will live in Greensboro where the groom has a responsible position with the Cone Printing Co.

The contract has been let for the 50,000-gallon tank which will supply the college and the town.

SUPPLY OF JUDGES SHORT.

Buncombe Can't Have Special Court Because No "His Honor."

Asheville, N. C., June 25.—Because of the inability of the State to furnish a judge to preside at the special term of court which has been asked for by the County Commissioners, the special term needed to clear the docket will not be held until during the coming Fall. The solicitor has urged an extra term of court for this county for the past several weeks, and was greatly disappointed to learn that none can be held for several months. Over 100 cases are on the docket at the present time ready for trial. Added to these are the appeals which are constantly coming from the city police and magistrates' courts, and the docket is rapidly assuming such proportions that it will be impossible to clear it at the regular terms of court.

FIGHT WITH BEAR.

One Man Attacks Bruin—Both Assailants Bitten.

Davis, W. Va., June 27.—Henry Otto and George Peters are both in serious condition today, following a thrilling encounter with a bear, during which their only weapon was a hatchet. The two men encountered a mother bear and three cubs. Burin started for Otto, chasing him onto a huge boulder, where he fought with the hatchet, the only weapon he had. Peters ran to his rescue, and the bear clawed and bit both men until they were almost unconscious.

The bear finally went away, taking with it two of the cubs. The other climbed an old snag, from which the men succeeded in dislodging and killing it. They intended to capture the cub alive, but it made a cry which they knew would reach the ears of its mother and bring her to its aid, and they took no further chances. The old bear, from a distance, watched what was going on and then disappeared in the woods.

GEN. YOUNG TO SPEAK.

Commander of Confederate Veterans at Western Carolina Fair.

Asheville, N. C., June 27.—The principal speaker on military day of the Western North Carolina Fair, October 9th, will be Gen. Bennett H. Young, of Louisville, commander-in-chief of the United Confederate Veterans' Association of the Southern States. The management of the fair association has just received an acceptance to the invitation which was extended a short time ago.

On this day it is planned to have a troop of soldiers from the regular army and other features that will make military day notable.

A PLAGUE OF HOPPERS.

Insects Destroy Thousands of Dollars Worth in New York State.

Saratoga, N. Y., June 27.—A plague of grasshoppers in the town of Wilton, six miles north of this town, has resulted in a loss to farmers in that locality of thousands of dollars in produce destroyed. Several farmers within a section about four miles square report the loss of entire crops of hay, oats and vegetables.

The devastation is so serious that an appeal is to be made to the State Department of Agriculture for assistance in fighting the pests.

El Paso, Texas, June 27.—At Pancho Villa several hundred rebels are preparing to attack Salasear in Juarez. Residents are fleeing from the city.

Pete Schmidt, crack pitcher of the Concordia Seminary nine, of St. Louis, has been signed by the Browns, despite the fact that Connie Mack was a bidder for him.

EXPERIENCE OF MOTHERHOOD

Advice to Expectant Mothers

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.
